CSU Bakersfield

School of Natural Science, Mathematics, and Engineering

Position #: 18/19 NSME 03

Position: Assistant Professor of Chemistry

Type: Tenure-Track **Academic Year:** 2018/19 **Available:** August, 2018

Location: Department of Chemistry and Biochemistry
School of Natural Sciences and Mathematics and Engineering
California State University, Bakersfield
9001 Stockdale Highway, SCI 62
Bakersfield, CA 93311-1022

Contact: Dr. Danielle Solano
Search Committee Chair
Department of Chemistry & Biochemistry
dsolano@csub.edu

Application Deadline Date: Submit applications by October 2, 2017 for full consideration.

Description: Full time, tenure track position to: a) teach undergraduate lecture/laboratory physical chemistry courses to majors and non-majors (other teaching assignments will depend upon applicant's background); b) engage in independent, publishable research and scholarly activities with undergraduate students; and c) provide professionally related service to the university and community.

Required Qualifications: Ph.D. in physical chemistry or related discipline is required and must be completed by the start of appointment. Evidence of potential to conduct independent research in area of expertise with undergraduate students. Must be committed to quality undergraduate education.

Preferred Qualifications: University teaching experience or postdoctoral experience is strongly desired, especially in area of expertise.

Background Check: A background check (including a criminal records check) must be completed satisfactorily before any candidate can be offered a position with the CSU. Failure to satisfactorily complete the background check may affect the application status of applicants or continued employment of current CSU employees who apply for the position.

Mandated Reporter: The person holding this position is considered a "mandated reporter" under the California Child Abuse and Neglect Reporting Act and is required to comply with the requirements set forth in CSU Executive Order 1083 as a condition of employment.

Compensation: Commensurate with experience and qualifications. Research startup funds will be available.

Application: Email a cover letter, curriculum vitae, statement of teaching philosophy, research plans, and three letters of recommendation to chemistry@csub.edu. Letters of recommendation may be sent separately from the rest of the application. Incomplete applications may not be considered.

Clery Act: CSUB's annual crime report includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus centers, such as our Antelope Valley Satellite Campus and on property within, or immediately adjacent to and accessible from CSUB. The report also includes policies concerning security on campus, such as alcohol and drug use, crime prevention, reporting crimes, sexual assault and other subjects. Additionally, a daily log of offenses is maintained and can be reviewed at the front desk of the Department of Public Safety. You can obtain a copy of the annual report by contacting the Department of Public Safety/University Police at (661) 654-2111 or by logging on to the Department of Public Safety's website at the following webpage: http://www.csub.edu/bas/police/report/index.html.

School Information:

The School of Natural Sciences Mathematics, and Engineering currently houses eight departments. Visit the web page at http://www.csub.edu/nsme/departments/index.html for additional information about the School's programs and the area.

Department Information:

The Department of Chemistry and Biochemistry currently consists of eight tenure track faculty, five full time lecturers and over 200 active majors. The department offers the ACS-approved BS degree in Chemistry, BS in Biochemistry as well as concentrations in Food Chemistry, Management and Marketing, and Occupational Safety and Health Management. The department has strong involvement in general education and service courses for related majors.

General Information:

California State University, Bakersfield, founded in 1970, is one of twenty-three campuses of the CSU System and currently has an enrollment of 7,000 students. The University services a socially and ethnically diverse population of 600,000 in an area of 10,000 square miles. The city of Bakersfield (population over 300,000) is located in the southern San Joaquin Valley and has a much lower cost of living than coastal California. Los Angeles, the Pacific Ocean, Mojave Desert, and Sierra Nevada Mountains are all within a two-hour drive from campus.

California State University, Bakersfield is committed to Equal Opportunity. Applicants will be considered without regard to gender, race, age, color, religion, national origin, sexual orientation, marital status, disability or covered veterans' status.
