CSUB offers a wide variety of tutoring in all subject areas

Whether you need extra help in a certain subject or a class concept explained a little differently to you, tutoring is available to all currently enrolled CSUB students, and it’s absolutely FREE.

In addition to being free, there is no limit on how often you see a tutor. See the sidebar on the right for details on all centers and their services.

Our Tutors

CSUB tutors are faculty recommended undergraduate and graduate students who have subject expertise in the area they tutor as well as training to assist students from all backgrounds and to maximize learning one-on-one or in groups. Our friendly tutors are individuals committed to the academic success of all CSUB students who use our services.

Benefits of Tutoring

- Improves academic performance and individual growth
- Offers more individualized learning experience
- Improves attitude toward subject area
- Increases likelihood students will stay in school
- Motivates self-paced and self-directed learning
- Improves self-esteem

Tutoring is for Every Student and Every Assignment

The tutoring centers see freshmen just starting their academic journey at CSUB in addition to graduate students pursuing a master’s degree. Whether you are studying for a statistics, philosophy or psychology exam or you just need some extra help on revising an essay for an English class, CSUB tutors can help you.
