Classification of Graduate Students
There are three classifications for students in the Spanish graduate program.

 Classified
A student who meets all the requirements for admission to the master’s degree program in Spanish will be admitted as a Classified Graduate Student. A Classified Graduate Student may take any graduate-level course meeting the requirements of his or her plan of study as long as the appropriate prerequisites have been met.

 Conditionally Classified
A student may be admitted as Conditionally Classified if, in the judgment of the Graduate Committee for the Modern Languages and Literatures Department, he or she has the potential to fulfill all the conditions specified by the Committee for admission as a Classified Graduate Student and potential for successful completion of all the requirements for the graduate program. Upon fulfillment of all conditions specified by the Committee, the student’s status will be administratively changed to Classified Graduate Student.

 Candidacy
Classified students who have maintained a 3.0 GPA will be advanced to candidacy in the quarter in which they intend to graduate.

 Academic Advising
Meeting with the Graduate Program Coordinator is an important first step in the MA program. It is the student’s responsibility, in consultation with the Graduate Program Coordinator and departmental advisors, to choose appropriate courses. The Graduate Program Coordinator guides students during the period of graduate study and responds to any concerns students may have while in the program. It is essential that MA students stay in contact with the Graduate Program Coordinator, so the department can provide current information to help the student move expeditiously through the program. Students have a responsibility to schedule regular meetings with the Graduate Program Coordinator and their advisors.
Examination Committee
Each MA student in Spanish must have an Examination Committee to conduct both the written and oral examinations specified in number 4 of the Program Requirements (See also SPAN 690). The committee will be comprised of faculty members representing each of the three fields specified in number 1 of the Program Requirements. The Graduate Program Coordinator can provide assistance in forming this committee.
