

## School of Natural Science and Mathematics

Reference #:

### School Information:

The School of Natural Sciences and Mathematics currently houses seven departments. Visit the web page at <http://nsm.cs.csub.edu> for additional information about the School's programs and the area.

### Department Information:

The Department of Chemistry currently consists of five full-time faculty and two half-time faculty. The department offers the ACS-approved BS degree in Chemistry as well as a concentration in Biochemistry.

### General Information:

California State University, Bakersfield, founded in 1970, is one of twenty-three campuses of the CSU System and currently has an enrollment of 7,000 students. The University services a socially and ethnically diverse population of 560,000 in an area of 10,000 square miles. The city of Bakersfield (population over 300,000) is located in the southern San Joaquin Valley and has a much lower cost of living than coastal California. Los Angeles, the Pacific Ocean, Mojave Desert, and Sierra Nevada Mountains are all within a two-hour drive from campus.

**Position:** Assistant Professor of Organic Chemistry

**Type:** Tenure-track

**Academic Year:** 2010/11

**Available:** September, 2010

**Location:** Department of Chemistry  
School of Natural Sciences and Mathematics  
California State University, Bakersfield  
9001 Stockdale Highway, 61 SCI  
Bakersfield, CA 93311-1022

**Contact:** Dr. Andreas Gebauer, Chair

**Application Deadline Date:** Review begins on October 5, 2009 and position to remain open until filled.

**Announcement Deletion Date:** December 18, 2009

**Description:** Applications are invited for a tenure-track faculty position at the rank of Assistant Professor in Organic Chemistry starting on September 1, 2010.

**Qualifications:** A Ph.D. in organic chemistry or related discipline is required. Post-doctoral experience or college level teaching experience is preferred.

**Research:** Development of an active undergraduate research program in the candidate's area of expertise is required.

**Teaching Load:** Generally, one course with two laboratories per quarter. Teaching responsibilities include majors-level organic chemistry, biochemistry, chemistry for non-majors, and general-organic-biochemistry for allied health students.

**Application:** Submit a CV, three letters of recommendation, plans for undergraduate research, and a statement of teaching philosophy to the address and contact as stated above.

**Compensation:** Commensurate with experience and qualifications.

California State University, Bakersfield is an Equal Opportunity/Affirmative Action/Title IX Employer. CSUB fosters and appreciates ethnic and cultural diversity among its faculty, students, and administrative staff. Applications from women, ethnic minorities, veterans, and individuals with disabilities are welcome. CSU Bakersfield hires only individuals lawfully authorized to work in the United States of America.
