*California High School and Community College  
Academic Performance Reports*

**College-Going**

*How many students from your campus went to the CSU as  
regularly admitted freshmen?*   
*How many students from your campus went to the CSU as  
special admits?*   
*How many students from your campus went to college the  
fall after they graduated?*

Check with your school's counselor:

---

### Organizational Information

---

#### *School Accountability Report Card (SARC)*

Every California school must annually publish this document. Find the SARC for your school.

- How do the data that you've already found align with this document?
- What additional information can be found in the SARC?

---

How is your school organized?

*In this section*, briefly describe what you know about information such as, calendar (year-round or traditional, etc.), schedule (block, 4X4, etc.), structure (academies, smaller learning communities, etc.), administration (who does what?).

---

*In this section*, describe what you know (which might be little or nothing) about each of the following:

- School-wide, departmental, academy, SLC (etc.) priorities in curriculum.
- School-wide, departmental, academy, SLC (etc.) priorities in professional development
- The faculty as a learning community.
- Your school's relationship with its community.

---

Are there other factors that impact teaching and learning at your school? Describe them briefly.
