Guided Reflection – CAS Summary

This is the reflection and Analysis paper required at the end of the CAS. It is to be a two to three page paper. The following are the points that should be addressed in your paper.

1. Analyze the impact of the teaching strategies on the student's academic preparation in your class.

2. Summarize your professional growth (what you have learned and how your practice has changed as a result of your RIAP participation and teaching experiences)

3. Summarize the results of the Personal Action Steps (your School Literacy Plan)
