

Financial Aid Highlights

Financial Aid Highlights is a periodic electronic news update provided by the Office of Financial Aid & Scholarships for the benefit of prospective and continuing CSUB students and parents, high school and community college counselors, faculty, and staff. The electronic publication will contain informational items pertaining to financial aid and scholarships of relevance to the CSUB community. Past issues are archived on the Financial Aid & Scholarships homepage at <http://www.csub.edu/finaid>. Additional information regarding any given topic may be obtained by calling the office at (661) 654-3016.

Garden Club of America Scholarships - FAH (Vol. 7, No. 7)

Students are advised that the Garden Club of America offers a wide range of excellent scholarship and fellowship opportunities. In 2005, fifty-three (53) students will benefit from these programs. For an updated list of scholarships and fellowships, an appropriate scholarship/fellowship brochure, and most applications, please visit the Garden Club of America website at <http://www.gcamerica.org/>.

The scholarships and fellowships offered include:

- An internship in Garden History and Design with preference given to those who want to intern at the Smithsonian
- A fellowship in garden history and design
- A scholarship for undergraduate or graduate students for study of tropical ornamental horticulture and botany abroad
- A summer scholarship in field botany for undergraduate and graduate students
- An additional summer scholarship in field botany for undergraduate students
- A scholarship for graduate study in horticulture and landscape architecture in Great Britain
- A fellowship in landscape architecture at the American Academy in Rome
- An award to fund graduate students for field work and research in coastal wetland studies
- Awards in tropical botany for Ph.D. candidates to pursue independent field study
- A fellowship in medicinal botany
- A summer scholarship in medicinal botany primarily for undergraduate students
- A grant for graduate students to conduct field research on the biology and management of rare flora
- A scholarship to study the habitat for threatened and endangered native birds of the US
- Awards for summer environmental studies to undergraduate students following their freshman, sophomore or junior years
- Regional scholarships for undergraduate or graduate students who wish to pursue the study of horticulture and related subjects
- A fellowship in ecological restoration
- A new offering in summer environmental studies for residents of New Jersey or non-residents studying in New Jersey
- A fellowship in urban forestry
