HOUSING AND RESIDENCE LIFE INFORMATION

WELCOME!
We are excited for you to begin this important journey! By electing to go to college, you have taken the first step in providing more options for your future. You are choosing to broaden your perspective, learn about and interact with people who are of a different culture, background, and nationality than you. While here, you will learn more about yourself and others. During this journey you will also become more independent, confident, and aware. There’s really no better place than the residence halls to meet new people, practice skills, and adapt to campus life. While living on campus, you will have an opportunity to be an active and engaged member of a college community that offers events, programs, and easy contact with faculty. Thanks for choosing us. We look forward to meeting you.

Our Mission
The California State University, Bakersfield Office of Student Housing and Residence Life is committed to the academic success of its students as well as their intellectual and personal development. This is accomplished by providing a safe, clean, and community centered environment where students can live and learn. Our core priorities are academics, individual growth and development, and housing program expansion.

Choosing a Living Learning Community (LLC)
Our residence halls are a lively and educational place to live. With many LLCs to be a part of within your reach you are sure to have the support and opportunity to learn and grow with students in your major.

Choosing a Living Learning Community (LLC)

1. **Academic Success** - Students who live on campus earn better grades.
2. **No Commute** - More sleep, less driving, gas savings
3. **All Inclusive** - Utilities, furniture, cable, wifi, food/meal plan
4. **Centrally Located** - Shopping and restaurants are just steps away.
5. **Student Life** - Unlimited campus activities and lifelong friendships

Our Vision & Learning Objectives
CSU Bakersfield Student Housing and Residence Life will create a cutting edge housing program that creates a holistic, student centered housing experience, in which students have access to faculty, engaging and social activities, and are able to access support easily and often. Our new facilities are kept clean and provide a backdrop for students to be creative and put their mark on their environment in positive and affirming ways.

- Residents will meet others and learn how to form positive and lasting friendships. Residents will learn how to positively work through conflict and community issues that arise.
- Residents will learn how to advocate for their needs in relation to getting damage repaired, working through roommate challenges, and navigating the university.
- Residents will find activities and programs to participate in that connect them with the university and provide support for their personal needs.
