Our all-suite residence hall facility accommodates four - six students per suite that share a common living area and suite-exclusive bathroom. As you will be living with your suitemates in a shared community environment for the academic year, it would be a good idea to discuss with each other how you want to clean, share materials, and decorate/arrange the room so that you can live together comfortably. Your RA will have roommate(s) and suitemate(s) agreement forms

available to you. This a great tool to help guide you in the process of deciding how you will live in your new space.

If your key card is lost or stolen, you must notify the Student Housing office immediately so that the key may be blocked thus preventing others from using it AND you must immediately obtain a new Runner Card at the Runner Card Office located on the lower floor of the library. The University Police Department can be reached by dialing ext.2111 from any on-campus telephone or by dialing (661) 654-2111 or 911 from any off-campus telephone.

What Can I Do For Additional Security?

In addition to the efforts made by our staff and the police to provide security for the residential community, you must be actively involved in helping to maintain a secure environment for yourself and all residents. Make every attempt to ensure the careful treatment of both the facilities and the people who reside within them. Here are a few measures you can take to promote the safety of yourself and others.

LOCK your doors and windows when leaving your room/suite (even if you are only gone for a few minutes), when taking naps, and when retiring for the night. If you prop your door, make sure there is someone in the common area and make sure to un-prop the door when there isn't. Often residents forget to un-prop them, thus leaving your room open to anyone. * Doors should only be propped by using a door stop. Use of the deadbolt to prop doors will result in damage of the lock mechanism and will result in labor and replacement charges to the resident.

LOOK out of your peephole installed in your door whenever someone knocks. Do not open the door for people you do not know.

MAKE a list of your personal belongings, including the identification and serial numbers of your items. Keep this information in a safe place.

KEEP all money and valuables in a safe place. Do not keep large amounts of cash in your room. Consider leaving valuable items at home or in a safe deposit box.

CLOSE all public area doors behind you. NEVER prop open lobby or bathroom doors.

DO NOT LET people you do not know into the building or your room. By opening the door for someone, you are accepting responsibility for him or her as your guest. Ask visitors who they are looking for and then refer them to the Office of Student Housing & Residence Life.

DO NOT LOAN your runner card to anyone! Not only is it a violation of Residence Life Safety & Security Policy, but it puts your roommate(s) and members of your community in jeopardy. In addition, your meal plan's dining dollars may be compromised.

REPORT suspicious people or circumstances to the RAs, Office of Student Housing & Residence Life, or the police. This includes vendors and unescorted, non-residents who are inside the building. The Department of Student Housing & Residence Life does not allow solicitation of residents in our buildings. If someone tries to sell you something in the building, Report It!

Fire Alarms

- a. When the fire alarm sounds, stay calm.
- b. Before exiting the room, feel the door for heat and look at the door seals for signs of smoke. If the door is hot or you see smoke, stay in your room, put a wet towel at the base of the door, and call for help.
- c. If it's safe to exit the room, put your shoes on, grab your keys, and evacuate the building immediately. If it's safe to do so, bring a wet towel to cover your nose, mouth, face and head if necessary.
- d. IF YOU ENCOUNTER SMOKE, STAY LOW.
- e. IF YOU ARE OVERCOME BY FLAMES: STOP, DROP, ROLL, AND COVER YOUR FACE.
- f. Move to the designated Evacuation Point outside the building, and wait for instructions from a staff member. [Click here](#) for a map of Student Housing East.

- g. Look for your RA, or a member of Housing Staff. They will have an orange vest on and a roster. Please make sure that they check you off and you remain at the evacuation point until emergency personnel release you.
- h. Whenever the fire alarm sounds you are to leave your room at all times even if there is no fire or smoke immediately outside your door.

Injuries

Residents are encouraged to purchase or create their own minor first aid kits. In the event of a serious injury or emergency, immediately contact the University Police at (661) 654-2111.

Earthquakes

- a. Duck or drop down on the floor.
- b. Take cover under a sturdy desk, table or other furniture (or move against an interior wall, and protect your head and neck with your arms).
- c. If you take cover under sturdy furniture, hold on to it and be prepared to move with it.
- d. Hold your position until the ground stops shaking and it's safe to move.
- e. If it's safe to exit the room, put your shoes on, grab your keys, and evacuate the building. If it's safe to do so, bring essential items such as critical prescription medicine.
- f. If you have an Earthquake Emergency Kit, bring it.
- g. IF YOU CANNOT EXIT THE BUILDING, TIE A LIGHT COLORED CLOTH OUT THE WINDOW AND SUSPEND IT SO THAT IT CAN BE SEEN BY OTHERS.
- h. Move to the designated Evacuation Point taking care to keep away from downed trees, debris, and electrical lines.

Sheltering in Place

If there is an emergency requiring you to 'shelter in place' (generally, staying where you are and taking precautions such as locking doors, closing and locking windows, turning off air handling systems (AC), etc. the University will make every effort to inform you of the need to do so. However, you are also responsible for your own safety and for gathering as much information as you can.

SUITEMATE RELATIONS

Residents living together within a suite may not always get along. While it is not required that you become best friends with your suitemates, it is essential that you respect each other and try to get along. The same ideals that we use in Community Standards can also apply to you and your suitemates. You can't discover who they are unless you take the time to find out. We suggest you take some time right after you move in just to sit down and find out about one another.

How do you work through problems with your suitemates?

Here are some tips:

- a. Communication is key. Talk to each other! Tell your suitemates when you're upset about something they did.
- b. Be tactful when sharing your feelings with them.
- c. Be a good listener. Try to see their point of view.
- d. Control your emotions.
- e. Discuss little problems as they arise to prevent them from escalating into bigger conflicts.
- f. Be assertive, not aggressive in asking for what you want or need.
- g. Use the RA staff or the RCC staff to assist you in this process. RAs have Roommate and Suite Agreement Forms that will help you succeed in this new relationship you have. While it may seem a bit formal to have a written agreement, being specific early on will help save you from communication problems later. **WE ENCOURAGE ALL RESIDENTS TO FILL OUT A ROOMMATE AND SUITE AGREEMENT FORM**, especially if you know the people you are living with prior to your being roommates. Often, the best of friends can be split apart by the common problems that occur when they live together.
- h. If you need a mediator, contact your RA or your RCC.

Consider the following issues as you discuss your room with your suitemates:

- a. Study time in the common room – how late and when will we study?
- b. Visitation and guest – who can be in the suite and when?
- c. Cleaning the common room and bathroom– who cleans what and when?
- d. Use of stereo, TV, video games (if applicable) – how will we share this equipment, what times should we use it, etc.?
- e. Sharing of and shopping for food
- f. Use of each other's personal property
- g. Space for clothes, luggage, and storage

STUDENT INVOLVEMENT IN STUDENT HOUSING

Residence Halls Association (RHA)

As the student government for on-campus housing, RHA is the voice of the residents. RHA is also the place to go for fun and educational programs and for a way for you to "get involved" in your community. RHA meets on a weekly basis. Look for information about date, time and place on your floor bulletin boards. Please bring any questions, concerns, or suggestions about life in on-campus housing to the virtual meeting.

RESIDENT'S RIGHTS

Each resident is entitled to certain basic rights. These rights describe the essence of our residential community. Each resident has the right to:

- a. Sleep and reside in the community without undue interference of excess noise.
- b. Live in a clean and healthy environment.
- c. Demand respect for one's personal belongings.
- d. Expect privacy within the "Right of Entry" policy guidelines stated in the lease agreement.
- e. Live free from intimidation, physical, and emotional harm.
- f. Be an individual in a manner that does not interfere with the rights of others.
- g. Settle conflicts in a reasonable manner.

STUDENT HOUSING RULES AND REGULATIONS

***To reduce the spread of COVID-19 and to protect the health and safety of the entire community, the following policies, procedures, and guidelines are incorporated into your License Agreement, the Student Housing Rules and Regulations, and will apply to all residents. Student Housing Rules and Regulations and public health guidelines are subject to change, without notice. Due to COVID-19, residents will be required to comply with applicable public health guidelines and university policy. Violation of Housing or University policy may result in a range of disciplinary actions, up to and including termination of resident's License Agreement and removal from Housing.*

- *Health and Safety Guidelines*
- *Residents are expected to comply with directives related to COVID-19. These directives may change following institutional, county, state, and federal updates in response to the ongoing status of COVID-19. Current directives including:*
 - ***Face Covering Policy:** When you are in public areas, you must wear a face covering over your nose and mouth at all times. In Student Housing, this includes, but is not limited to, any space that is outside of your assigned suite or bathroom, including elevators, stairwells, hallways. A minimum of 6 feet of social distance is still required at all times and your "household or residence" is considered to be your assigned bedroom, not your entire suite.*

- **Guest Policy:** *Due to the current circumstances with COVID-19, a restricted guest policy has been adopted as determined by CSUB Emergency Operations Committee (EOC) and with municipal, state and federal government healthcare guidelines, including but not limited to the Kern County Public Health Department (KCPHDD), and the Center for Disease Control (CDC).*
 - *Under the restricted guest policy, no more than **ten guests** are allowed within a suite at all times. Please note that guests are defined as anyone who has a current license agreement on file with the Office of Student Housing. Anyone who does not have a current license agreement with Student Housing is not permitted to be a guest or within Student Housing without a special written exemption from housing management staff. Written exemptions will be given for 2 family members (that have provided proof of recent COVID-19 testing) for specific events, i.e. move-in and move-out. In addition, only current Student Housing residents, employees who work in and with Student Housing, and emergency personnel will be allowed to enter Student Housing residence halls. Consequences to violating this policy include a judicial hearing with possible fines.*

If you would like more information, please visit the California Department of Public Health at: https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/COVID-19/Guidance-for-Face-Coverings_06-18-2020.pdf

- I. **Alcoholic Beverages:** It is our goal to establish and sustain an environment on campus that is conducive to the intellectual, emotional, and social growth of all members of our community. The Office of Residence Life is committed to the preservation of individual freedoms and the promotion of the health, safety and welfare of the community. Pursuant to these commitments, we have established the following policies governing the possession and consumption of alcoholic beverages in on-campus housing. Residential Life will enforce all state and local laws as well as Residential Life Policies relative to the consumption of alcohol. The following list of regulations comprise all appropriate local and state laws, as well as University and Residential Life Policies governing the use of alcohol in on-campus housing:
 - a. Residents who are under the age of 21 are not permitted to use, possess, or be in the presence of alcohol.
 - b. A resident of the legal drinking age may possess and consume alcohol in his/her residential unit with the room door closed so long as they are not in the presence of anyone under 21 years of age. If a resident is of the legal drinking age but their roommate(s) is not, they cannot consume alcohol in their residential unit if their underage roommate(s) is present. Please remember that all students have a right to be in their residential unit at all times.
 - c. A resident of the legal drinking age may possess and consume alcohol in the residential unit of another resident who is at least 21 years of age. The host resident must be present, the door must be closed and no one under the age of 21 may be present.
 - d. Open containers of alcohol are not permitted in ANY public area. This would include lounges, lobbies, outside of the residence halls, etc. Closed containers of alcohol are allowed in public areas only if they are being transported to the residential unit of a legal-aged resident.
 - e. Large-group drinking parties, or parties where the focus of the gathering appears to be mainly for the purpose of consuming alcohol, are not permitted in residential units even if the residents are of legal age.
 - f. Kegs, beer balls (empty or filled in any portion), or other large containers or quantities of alcohol are prohibited in housing.
 - g. Per State law, students assume all legal responsibilities for actions and costs related to failure to comply with State laws regarding alcohol use.
 - h. Any resident regardless of age found to be intoxicated and/or unable to exercise care for one's own safety and/or the safety of others due to intoxication is in

violation of Residence Life Policy. Residents who violate any other university policy while under the influence of alcohol are also in violation of this policy.

- i. Drinking games or simulated drinking games are prohibited. These include water pong, flip cups and quarters and other variants.
- j. Possession of empty containers of alcohol will be interpreted as consumption of alcohol. Certain alcohol-related paraphernalia and alcohol-related decorations that contain or once served as containers for alcohol may be called into question, particularly in units where students who are under 21 are residing.
- k. Containers that originally contained alcohol and alcohol paraphernalia, including, but not limited to, cans, bottles, boxes, beer bong, kegs, lighted signs, etc., are not permitted, should not be displayed and will be disposed of.
- l. Use, possession, manufacture, or distribution of alcoholic beverages (except as expressly permitted by law and University regulations), or public intoxication while on campus or at a University related activity.

II. Babysitting: Babysitting minors is strictly prohibited in the residence halls.

III. Cleanliness: Because we live in a community that is in close proximity to each other, all residents are expected to maintain cleanliness and hygiene in their living unit. Some causes for concern would include but are not limited to a significant odor, excessive trash rotting, or spoiling food left in the open, debris covering exit ways, etc.

IV. Computer Use: The Recording Industry Association of America (RIAA) has begun an effort to subpoena information about individuals who are believed to have engaged in unauthorized peer-to-peer file sharing of copyrighted music and other works. Unauthorized downloading and uploading of copyrighted music, movies, and software constitutes as an illegal copyright infringement. Students should be aware that the unauthorized sharing of peer-to-peer file copyrighted works, including music, pictures, movies, and software is a violation of campus computer use policy. It is also illegal and may carry significant monetary and/or criminal sanctions. It is the responsibility of students who are downloading or uploading documents to make certain that they are not copyrighted works, or that the student has the permission of the copyright holder. Students who violate copyright laws are subject to university discipline as per Title 5, Section 41301 of the California Code of Regulations and may face criminal charges with the RIAA. Copyright infringement is a violation of subsection 15 (G) of the CSUB Student Code of Conduct which states: Use of computing facilities and resources in violation of copyright laws. If the university receives multiple complaints about a single user, their use of the university's wireless system will be disabled. Please refer to [Residential Network \(ResNet\) Acceptable Use Policy](#) for further explanation.

- If students are found to be violating this policy:
