Required Hours in the MyWritingLabPlus Headquarters

What does this mean? Your instructor has required a certain number of hours to be completed in the MyWritingLabPlus Headquarters as an assignment. Check your syllabus to see how many hours your instructor requires for your course.

What do I do? When you come to the MWLP Headquarters, you will need to pick up a Required Hours form in the back of the room. Then, you may use this time to work on MyWritingLabPlus assignments, use Pearson Tutor Services, or complete other assignments for your course. When you’re ready to leave, fill out the form, and give it to a MWLP Assistant. These hours will be recorded and sent to your instructor along with the weekly MWLP update.

Any questions?
