Call to Order: Melissa Danforth called the meeting to order at 2:00pm

Present: Melissa Danforth, Charles Lam, Maynard Moe, Debra Wilson, Andreas Gebauer, Dayanand Saini

Absent: Rob Negrini

Guests: none

Approval of Meeting Minutes: Oct 7, Oct 8, Oct 14

Notes on Q2S Progress to Date:
1. Ready for Dean/CCC review: Biology (undergrad & grad), Chemistry, M.S. in Nursing, approved GE courses and liberal studies courses
2. Memo to GECCo on standing modifications for lower-division Area B and A4 – Approved by GECCo according to Sept 29th memo from Paul Newberry
3. Approved on first review, awaiting GECCo GE modifications: Computer Engineering, Computer Science, Electrical Engineering, Nursing undergrad program, Engineering Sciences, Physics
4. Conditional approval pending edits: Geology, Mathematics, Natural Sciences
5. Program moratorium: Continue moratorium for M.A. in Teaching Mathematics, new moratorium for M.S. in Science Education

Agenda:
1. NURS 120 course – quarter system course revival (see email on FirstClass): approved, all in favor.
2. SCI 3019 – overlooked in last two rounds of GE course approval: approved, all in favor.
   a. GE courses approved: SCI 3019, SCI 3409 (previously MATH 3209), CHEM 1039
3. Physics modifications: approved after a discussion of the study session approach; M. Moe moved to approve the changes, D. Wilson second. All in favor.
4. Mathematics v11 v13: discussions on pathway from Developmental Math to Pre-Calculus (MATH 1050), Pre-Calculus Readiness Test, and Calculus Readiness Test; suggestion to make MATH 1051 a core-requisite of MATH 1050 with the option to test out of MATH 1051; suggestion to clarify the context so that students can clearly understand the options. Conditional approval from 10/07/2014 still stands.
5. Developmental Mathematics: will be discussed in the next meeting
