      Two proposals
      Undergraduate – Change: Biol 330 and 362 (previously 430 and 462); Biol 430 and 462 will have new description; classes will rotate in offering every other year. 330 will be lecture only; 301 renumber to 310; change in cognates; Biol 201 implement a C- or better instead of a D; Biol 201 has become a pre-requisite to many courses.; cognates – added Chem 211 & 213 (Chem 211 pre-req. to Chem 212).

      Masters – Modified thesis option; non-thesis – instead of project to an exit exam (offer it every quarter if need be). Add to the description the exam can only be repeated once (pass/fail). Increase from 40 to 50 units because no project. Biol 680 non-thesis (exam) & Biol 691 these (defend): students get credit when they are completely finished.
