School Information:
The School of Natural Sciences, Mathematics, and Engineering currently houses seven departments. Visit the web page at http://www.csub.edu/nsme/ for additional information about the School’s programs and the area.

Department Information:
The Department of Physics and Engineering currently offers a BS in Physics, a BS in Engineering Sciences (with optional emphases in Biosystems & Agricultural Engineering, Engineering Management, and Petroleum Engineering), and a Pre-engineering program. The department is very active in peer-reviewed research and encourages work involving undergraduates.

General Information:
California State University, Bakersfield, founded in 1970, is one of twenty-three campuses of the CSU System and currently has an enrollment of over 8,700 students. The University services a socially and ethnically diverse population of 800,000 in an area of 10,000 square miles. The city of Bakersfield (population over 380,000) is located in the southern San Joaquin Valley and has a much lower cost of living than coastal California. Los Angeles, the Pacific Ocean, Mojave Desert, and Sierra Nevada Mountains are all within a two-hour drive from campus.

Position: Lecturer in Engineering

Type: Full Time Lecturer (Academic Year)

Academic Year: 2016/17

Location: Department of Physics & Engineering
School of Natural Sciences, Mathematics and Engineering
California State University, Bakersfield

Contact: Ms. Estrella Garibay
Search and Screening Committee
Department of Physics and Engineering, 64 SCI
California State University, Bakersfield
9001 Stockdale Highway
Bakersfield, CA 93311-1022

Application Deadline Date: To insure full consideration, apply by June 1, 2016. Position open until filled.

Description: Full Time Lecturer position (renewable yearly pending funding, and subject to performance review) to teach lower- and upper-division General Engineering courses and associated laboratories, such as Statics, Dynamics, Mechanics of Materials, and Electric Circuits, Thermodynamics, Fluid Mechanics, Heat Transfer, and Computational Methods for Engineers.

Qualifications: A Ph.D. in Mechanical or Petroleum Engineering or closely related field is preferred, but a M.S. will also be considered. Applicants are expected to have excellent academic credentials and a proven ability to teach courses and laboratory sessions effectively.

Background Check: A background check (including a criminal records check) must be completed satisfactorily before any candidate can be offered a position with the CSU. Failure to satisfactorily complete the background check may affect the application status of applicants or continued employment of current CSU employees who apply for the position.

Mandated Reporter: The person holding this position is considered a “mandated reporter” under the California Child Abuse and Neglect Reporting Act and is required to comply with the requirements set forth in CSU Executive Order 1083 as a condition of employment.

Compensation: Commensurate with experience and qualifications.

Application: The application package must include an application letter detailing candidate’s qualifications and experience relative to the position description, a statement of teaching philosophy (one page), curriculum vitae and unofficial transcripts. Official transcripts and three letters of recommendation will be requested of applicants being seriously considered. For questions, contact Ms. Estrella Garibay at (661) 654-2664 or E-mail: engr-positions@csub.edu. Send the package by email to this address, or by regular mail to the contact address above. Incomplete applications will not be considered.

Setting: CSUB is a regional comprehensive university that prides itself in undergraduate education and small, high-quality programs. Kern County is an energy rich region with outreach development and research opportunities.
