RULES & THE PLAYING AREAS:
The object of the game is to eliminate all opposing players by getting them “OUT”. This may be done by:

- Hitting an opposing player with a thrown ball on or below the shoulders. If you are hit in the head while ducking to avoid a hit will result in an “OUT” (Official’s judgment call.)
- Catching a ball Thrown by your opponent before it touches the ground.
- If a player is knocked out but has already thrown a ball, that ball is live.
- A deflected ball can be caught, in which case the player who was hit is not OUT and the player who threw the ball is.
- If your teammate catches a ball then one player can re-enter

Start of Play: The Game begins by placing six dodge balls along the centerline. Players then take a position behind their end line. Following a signal by the official, teams may approach the centerline to retrieve the balls. This signal officially starts the contest. Once a ball is retrieved, it must be possessed by a player who has one foot established on or behind the 3 meter line before that ball can be thrown.’ The first team to legally eliminate all opposing players will be declared the winner.

Throwers: Each player has 5 seconds to throw a caught ball. If a player holds a ball for more than 5 seconds the ball becomes dead and cannot be thrown at opponent. Player must roll the ball off the court towards the official.
