Film making using an iPad and your imagination

Presented by: Randy Schultz

Learn how to make short videos using an iPad and iMovie software. In this workshop participants will learn some basic movie making techniques and apply them to content in one of their courses. You will have a Youtube uploaded video by the end of the session ready for one of your classes.

iPads will be provided for the workshop. No experience needed.

February 20th, 2015
10 am — 12 pm
WSL 102 (Faculty TLC)

Please reserve your spot today. Call ext. 2084 or email tlc@csub.edu
