

CURRICULUM VITAE

David J. Germano

Address

Department of Biology
California State University, Bakersfield, California 93311-1022
Phone: (661) 654-2471, e-mail: dgermano@csub.edu

3520 Sewell St.
Bakersfield, California 93314-9273
Phone: (661) 589-7846

Education

Ph.D. in Biology, 1989
University of New Mexico
Albuquerque, New Mexico

Dissertation: "Growth and life histories of North American tortoises (Genus: *Gopherus*) with special emphasis on the desert tortoise (*G. agassizii*)"

M.S. in Wildlife Ecology, 1978
University of Arizona
Tucson, Arizona

Thesis: "Response of selected wildlife to mesquite removal in desert grassland"

B.A. in Biology, 1976
California State University
Northridge, California

Professional Societies

American Society of Ichthyologists and Herpetologists (1984 - present)
Herpetologist's League (1978 - present)
Society for the Study of Amphibians and Reptiles (1980 - present)
Southwestern Association of Naturalists (2005 - present)

Professional Experience

Professor (September 2004 – Present) and **Associate Professor** (September 2000 - August 2004)
Department of Biology, California State University, Bakersfield, California 93311-1022

I am teaching lecture and laboratory courses in ecology, conservation biology, vertebrate diversity, and biological statistics and experimental design. In addition, I am conducting research on growth, demographics, and general population ecology of various species including blunt-nosed leopard lizards (*Gambelia sila*), western pond turtles (*Emys marmorata*), North American tortoises (*Gopherus* spp.), western box turtles (*Terrapene ornata*), giant kangaroo rats (*Dipodomys ingens*), Tipton kangaroo rats (*Dipodomys nitratooides nitratooides*), short-nosed kangaroo rats (*Dipodomys n. brevinasus*), and Pacific pocket mice (*Perognathus longimembris pacificus*). I have consulted with the U.S. Fish and Wildlife Service concerning future research on the desert tortoise (*Gopherus agassizii*), and I have founded the Guild of North American Tortoise Research Biologists to foster cooperation among tortoise researchers.

Wildlife Consultant (1989 - Present)

3520 Sewell St., Bakersfield, California 93314-9273

I am consulting with public and private organizations concerning environmental conflicts. I have conducted general surveys of amphibians, reptiles, mammals, and birds. Besides general surveys, I have conducted field surveys of blunt-nosed leopard lizards (*Gambelia sila*), western pond turtles (*Emys marmorata*), giant garter snake (*Thamnophis gigas*), California tiger salamanders (*Ambystoma californiense*), yellow-blotched salamanders (*Ensatina eschscholtzii croceator*), giant kangaroo rats (*Dipodomys ingens*), Tipton kangaroo rats (*Dipodomys nitratooides nitratooides*), Fresno kangaroo rats (*Dipodomys n. exilis*), short-nosed kangaroo rats (*Dipodomys n. brevinasus*), Buena Vista shrews (*Sorex ornatus relictus*), San Joaquin antelope squirrels (*Ammospermophilus nelsoni*), San Joaquin kit foxes (*Vulpes macrotis mutica*), Tulare grasshopper mice (*Onychomys torridus tularensis*), and San Joaquin pocket mice (*Perognathus i. inornatus*).

Research Associate (June 1994 – August 2000) and **Lecturer** (January 1993 – August 2000)
Department of Biology, California State University, Bakersfield, California 93311-1022

I taught lecture and laboratory courses in biology. In addition, I conducted research on growth, demographics, and general population ecology of various species including blunt-nosed leopard lizards (*Gambelia sila*), western pond turtles (*Emys marmorata*), North American tortoises (*Gopherus* spp.), western box turtles (*Terrapene ornata*), giant kangaroo rats (*Dipodomys ingens*), Tipton kangaroo rats (*Dipodomys nitratoides nitratoides*), short-nosed kangaroo rats (*Dipodomys n. brevinasus*), and Pacific pocket mice (*Perognathus longimembris pacificus*).

Research Supervisor (September 1992 - January 1993)
San Joaquin Valley Endangered Species Recovery Planning Program
2727 N. Grove Industrial Dr., #125, Fresno, California 93727

I supervised research on endangered plants and animals that occur in the San Joaquin Valley. The data collected were used to support the writing of a comprehensive recovery plan for all listed endangered and threatened species in the valley.

Post-Doctoral Research Fellow (March 1989 - August 1992)
Department of Biological Sciences, California State University, Stanislaus, Turlock, California 95380

In collaboration with Dr. Daniel Williams of CSU, Stanislaus, we assessed the demographics of rodent and lizard populations in grazed and recently ungrazed areas of the Elkhorn Plain. Of primary interest were the populations of the giant kangaroo rat and blunt-nosed leopard lizard, both federally and state-listed endangered species.

Instructor (Winter 1991)
Extension College, California State University, Bakersfield, California 93311-1099

I taught a course on the ecology of endangered vertebrates in the San Joaquin Valley. This course covered all the protected species in and around the Valley south of Sacramento including salamanders, snakes, lizards, birds, kangaroo rats, squirrels, and foxes.

Teaching Assistant/Lecturer (Sept. 1988 - May 1989)
Albuquerque Tech/Voc. Inst., Department of Arts and Sciences, 525 Buena Vista SE, Albuquerque, NM 87106
and Department of Biology, University of New Mexico, Albuquerque, NM 87131

I served as the teaching assistant for the prosection course of human anatomy and physiology at UNM and taught lecture and lab sections of the one semester introduction to biology course at TVI.

Research Assistant (August 1987 - July 1988), **Teaching Assistant/Lab Coordinator** (August 1983 - July 1987)
Museum of Southwestern Biology, Department of Biology, University of New Mexico, Albuquerque, NM 87131

I fulfilled Ph.D. requirements including completion of dissertation research on growth and life histories of North American tortoises, *Gopherus* spp. Research included climate analysis, comparison of growth parameters and shell morphometrics among species, methodologies of age determination in the desert tortoise, *Gopherus agassizii*, and determination of age-at-first reproduction and longevity of the desert tortoise in relation to environmental differences across its range; Lab Coordinator for freshmen biology labs involving direction of lab preppers, weekly reviews of labs with teaching assistants, coordination of testing, and teaching 1 lab section; In the summer of 1984, in conjunction with another teaching assistant, I completely rewrote the Biology 122 lab manual including adding new labs, all new artwork, and installing the manual on computer; museum work included adding over 200 desert tortoise specimens and re-curating part of the collection.

Vertebrate Ecologist (June - August 1985)
URS Company, 111 W. Micheltorena, Santa Barbara, California 93101

I was the principal investigator of the preliminary environmental assessment of impacts to terrestrial biota of the SuperSpeed Rail System from Las Vegas, Nevada to Ontario, California; also worked as primary ornithologist on the EIS for the San Miguel Oil Project in the Santa Maria Basin, California.

Vertebrate Ecologist (September 1982 - August 1983)

HDR Systems, 804 Anacapa St., Santa Barbara, California 93101

I had general responsibilities for environmental assessments of wildlife species, including state and federal endangered species; Projects included impact assessments of onshore facilities of OCS oil development along the south coast of Santa Barbara County, California, Union Oil Pipeline Project along the Santa Ynez river and estuary near Lompoc, California, and M-X missile CSB deployment in the Western U.S.

Lecturer (March - May 1982)

Chapman Extension College, Vandenburg Air Force Base, Lompoc, California

I taught a course in evolution to nursing majors.

Vertebrate Ecologist (July 1979 - January 1982)

HDR Sciences, 804 Anacapa St., Santa Barbara, California 93101

I was involved in environmental impact assessments of M-X missile MPS deployment in the Great Basin and Mojave deserts and the Southern Great Plains; general responsibilities for all wildlife species including state and federally listed species; I led field investigations of reptiles, birds, and rodents at Mojave desert sites in southern Nevada and Great Basin sites in southwestern Utah involving writing research plans, supervising scientific crew, conducting field censuses, and final report writing; I participated in aerial census of bald eagles, *Haliaeetus leucocephalus*, in 6 valleys of east-central Nevada.

Graduate Research Assistant (January 1977 - August 1978)

Department of Wildlife Ecology, University of Arizona, Tucson, Arizona

I fulfilled Master's degree requirements including completion of thesis project dealing with the response of selected wildlife to mesquite, *Prosopis juliflora*, removal in desert grassland; research included visual censusing of ungulates, carnivores, lagomorphs, quail, doves, and lizards by the strip transect method, pellet counts of ungulates, carnivores, and lagomorphs using circular plots, and call counts of quail and doves using transect mapping.

Courses Taught:

Advanced Biological Design & Analysis (graduate course)	Animal Rehabilitation
Conservation Biology	Vertebrate Diversity
Biological Design and Analysis	General Ecology
Introductory Biology – Animals	Introductory Biology - Animals
Endangered Species: Why Should We Care?	Introductory Biology - Plants
Principles of Ecology (non-majors)	Human Anatomy Lab
Integrated Science (for teachers) Lab	General Vertebrate Zoology - UNM
Endangered Animals of the San Joaquin Valley	Evolution
Principles of Biology (2 nd semester) Lecture – UNM	Principles of Biology (1 st semester) Lab – UNM
Principles of Biology (2 nd semester) Lab – UNM	

Graduate Students:

- Erin Tennant; M.S. in Biology, June 2011; Thesis: Conservation of Tipton Kangaroo Rats (*Dipodomys nitratoides nitratoides*): Effects of Competition and Potential for Translocation.
- Adam Grimes (Co-Advisor); M.S. in Biology, November 2011; Thesis: Molecular Taxonomy and Phylogenetic Analysis of the Endangered Blunt-nosed Leopard Lizard, *Gambelia sila*.
- Nicole Blackhawk; M.S. in Biology, August 2013; Thesis: Population Genetics of the Endangered Giant Kangaroo Rat, *Dipodomys ingens*, in the southern San Joaquin Valley.
- Susan Hult; M.S. in Biology, June 2014; Thesis: Ecology and Demography of the Blainville's Horned Lizard (*Phrynosoma blainvillii*) in the Southern San Joaquin Valley of California.

- Tory Westall; M.S. in Biology, June 2015; Thesis: Parental Care in Urban San Joaquin Kit Foxes (*Vulpes macrotis mutica*): Relative Roles of Parents and Helpers.
- Erica Kelly; M.S. in Biology, December 2017; Thesis: Desert Kit Fox (*Vulpes macrotis arsipus*) food habits and competitive interactions with Coyotes (*Canis latrans*) in the Mojave Desert.

HONORS, GRANTS AND AWARDS

- (1986-1987) SRAC/GRAC, University of New Mexico. \$600 for growth and morphometric analysis of *Gopherus* spp.
- (1987) U.S. Fish and Wildlife Service. \$10,000 for growth and life history analysis of *Gopherus* spp.
- (1992, 1994) U.S. Bureau of Land Management. \$39,000 to study population ecology of blunt-nosed leopard lizards on the Elkhorn Plain, California.
- (1996) California Department of Fish and Game. \$22,000 to study the distribution and habitat preferences of the Pacific pocket mouse.
- (1997-1999) Biological Resources Division, USGS / U.S. Bureau of Land Management. \$69,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (1998) Biological Resources Division, USGS. \$5,700 to study the population ecology of box turtles at the Sevilleta National Wildlife Refuge, New Mexico.
- (1998-1999) Biological Resources Division, USGS. \$17,000 to study growth of western pond turtles and their distribution in the Central Valley of California.
- (1998-2000) California Department of Transportation (Caltrans). \$48,000 to study the ecology and natural history of the Kern Canyon slender salamander.
- (1999) Biological Resources Division, USGS. \$7,500 to compare growth of western pond turtles across their range.
- (2000) U.S. Geological Survey. \$32,500 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2000) California Department of Fish and Game (Section 6 Funds). \$18,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2000) California Department of Fish and Game (Habitat Endowment Funds). \$10,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2001) Occidental Petroleum (OXY) of Elk Hills. \$20,000 to conduct a radiotelemetry study on blunt-nosed leopard lizards and San Joaquin antelope squirrels at the Lokern study site to test for the effects of cattle grazing on these species.
- (2001) California Department of Fish and Game (Habitat Endowment Funds). \$10,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2001) U.S. Geological Survey. Additional \$15,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2001) California Department of Fish and Game (Federal Section 6 Funds). Additional \$40,575 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2002) Occidental Petroleum (OXY) of Elk Hills. Additional \$20,000 to continue a radiotelemetry study on blunt-nosed leopard lizards and San Joaquin antelope squirrels at the Lokern study site to test for the effects of cattle grazing on these species.
- (2003) Awarded a life-time membership to the Western Section and the San Joaquin Valley Chapter of The Wildlife Society for service to these groups.
- (2003) U.S. Bureau of Reclamation. \$45,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2003) U.S. Bureau of Reclamation (add-on). Additional \$45,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2005) Occidental Petroleum (OXY) of Elk Hills. Additional \$20,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2005) Chevron. \$20,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2006) Chevron. Additional \$20,000 to study the effects of livestock grazing on endangered species in the San Joaquin Valley.
- (2008) CSUB. Awarded sabbatical leave in spring quarter to study desert box turtles (*Terrapene ornata luteola*) in New Mexico.
- (2008) Caltrans. \$15,000 to study the hybrid zone of the blunt-nosed leopard lizard in the Cuyama Valley of California.
- (2008) CSUB. Received the Faculty Research Award for 2008-2009.
- (2008) California Department of Fish and Game (Section 6). \$39,800 to study the hybrid zone of the blunt-nosed leopard lizard in the Cuyama Valley of California.

PRESENTATIONS

1978

Germano, D. J. Population changes of selected wildlife with manipulation of Sonoran desert shrub. Presented March 1978 at the meeting of the Arizona and New Mexico chapter of The Wildlife Society, Douglas, Arizona.

1980

Germano, D. J. Reptile population changes with manipulation of Sonoran desert shrub. Presented 9 August 1980 at the Joint Annual Meeting of the Herpetologists' League and the Society for the Study of Amphibians and Reptiles, Milwaukee, Wisconsin.

1986

Germano, D. J. Biochemical variation in the desert tortoise, *Gopherus agassizii*. Presented (for R. Jennings) 22 March 1986 at the Desert Tortoise Council Symposium, Palmdale, California.

Germano, D. J. Aging desert tortoises using scute annuli. Presented 15 August 1986 at the Joint Annual Meeting of the Herpetologist's League and the Society for the Study of Amphibians and Reptiles, Springfield, Missouri.

1987

Germano, D. J., and T. H. Fritts. Methods of age determination of desert tortoises. Presented 28 March 1987 at the Desert Tortoise Council Symposium, Las Vegas, Nevada.

Germano, D. J. Geographic differences in growth of the desert tortoise. Presented 11 August 1987 at the Joint Annual Meeting of the Herpetologist's League and the Society for the Study of Amphibians and Reptiles, Vera Cruz, Mexico.

Germano, D. J. Preliminary comparison of growth between the desert tortoise and the gopher tortoise. Presented 14 November 1987 at the Gopher Tortoise Council Symposium, Auburn, Alabama.

1988

Joyner, M. A., and D. J. Germano. (Presented by M. A. Joyner). Desert tortoises of the Piute Valley - 1987. Presented 27 March 1988 at the Desert Tortoise Council Symposium, Laughlin, Nevada.

Germano, D. J., and M. A. Joyner. Does high adult mortality equal a crash for desert tortoises in the Piute Valley, Nevada? Presented 27 March 1988 at the Desert Tortoise Council Symposium, Laughlin, Nevada.

Germano, D. J., and M. A. Joyner. Changes in a desert tortoise (*Gopherus agassizii*) population after a period of high mortality. Presented 19 July 1988 at the U.S. Forest Service Symposium, Management of Amphibians, Reptiles, and Small Mammals in North America, Flagstaff, Arizona.

Germano, D. J. Longevity of desert tortoises. Presented 18 September 1988 at the annual meeting of the Guild of Rocky Mountain Population Biologists, Ghost Ranch, New Mexico.

1989

Germano, D. J. Growth comparisons of desert tortoises from the Mojave and Sonoran deserts. Presented 16 February 1989 to the Arizona Interagency Desert Tortoise Team, Phoenix, Arizona. INVITED

Germano, D. J. Responses of North American tortoises to regional climates. Presented 18 June 1989 at the annual meeting of the American Society of Ichthyologists and Herpetologists, San Francisco, California.

Germano, D. J. Ecology and life histories of North American tortoises. Presented 30 October 1989 at the Herpetological Seminar, UCLA. INVITED

Germano, D. J. Age and growth histories of desert tortoises. Presented 6 November 1989 at the U. S. Fish and Wildlife symposium, Ecology & Conservation of North American Tortoises: Tortoise Think Tank, Ft. Collins, Colorado. INVITED

1990

Germano, D. J. Ecology and conservation of North American tortoises. Presented 16 March 1990 at California State University, Stanislaus. INVITED

Williams, D. F., and D. J. Germano. Ecology of giant kangaroo rats. Presented 12 May 1990 at the annual meeting of the Southern California Academy of Sciences, California State University, Dominguez Hills.

Germano, D. J., W. Tordoff III, and D. F. Williams. (Presented by W. Tordoff III) Ecology of blunt-nosed leopard lizards (*Gambelia silus*). Presented 12 May 1990 at the annual meeting of the Southern California Academy of Sciences, California State University, Dominguez Hills.

Williams, D. F., and D. J. Germano. Reintroduction of giant kangaroo rats into former habitat. Presented 12 May 1990 at the annual meeting of the Southern California Academy of Sciences, California State University, Dominguez Hills.

Germano, D. J. Ecology of and survey methodologies for the blunt-nosed leopard lizard. Presented 15 May 1990 at Endangered Wildlife Technical Workshop sponsored by the San Joaquin Valley Chapter of The Wildlife Society, McKittrick, California. INVITED

- Germano, D. J. Formation of the Guild of North American Tortoise Research Biologists. Presented 16 June 1990 at the annual meeting of the American Society of Ichthyologists and Herpetologists, Charleston, South Carolina.
- Germano, D. J. Comparative life histories of North American tortoises. Presented 16 June 1990 at the annual meeting of the American Society of Ichthyologists and Herpetologists, Charleston, South Carolina.
- 1992
- Williams, D. F., and D. J. Germano. Research and recovery of endangered kangaroo rats (*Dipodomys* spp.) in the San Joaquin Valley. Presented 8 February 1992 at the annual meeting of the Western Section of The Wildlife Society, San Diego, California.
- Germano, D. J., and D. F. Williams. Recovering the blunt-nosed leopard lizard: past efforts, present knowledge, and future opportunities. Presented 8 February 1992 at the annual meeting of the Western Section of The Wildlife Society, San Diego, California.
- Bury, R. B., and D. J. Germano. Top ten threats and barriers to the recovery of the desert tortoise. Presented 8 February 1992 at the annual meeting of the Western Section of The Wildlife Society, San Diego, California.
- Germano, D. J., and D. F. Williams. The effects of drought on a foothill population of blunt-nosed leopard lizard (*Gambelia sila*). Presented 5 August 1992 at the annual meeting of the Society for the Study of Amphibians and Reptiles, El Paso, Texas.
- 1993
- Germano, D. J., and R. B. Bury. Does age structure indicate population status in chelonians? Presented 24 February 1993 at the Ecology and Management of the Western Pond Turtle Workshop during the annual meeting of the Western Section of the The Wildlife Society, Monterey, California.
- Williams, D. F., and D. J. Germano. Translocating giant kangaroo rats on the Carrizo Plain Natural Area, California. Presented 26 February 1993 at the annual meeting of the Western Section of the The Wildlife Society, Monterey, California.
- Cypher, E., R. McCormick, and D. J. Germano. Use of a barrier to exclude blunt-nosed leopard lizards from a construction zone. Poster exhibited during the 1993 annual meeting of the Western Section of The Wildlife Society, Monterey, California.
- 1994
- Saslaw, L., and D. J. Germano. The effects of prescribed fire on giant kangaroo rats in the Carrizo Plain Natural Area. Presented 13 January 1994 at the EG&G/EM Program Review, Bakersfield, California.
- Germano, D. J., and D. F. Williams. Ecology of a foothill population of blunt-nosed leopard lizards from 1988-1993. Presented 14 January 1994 at the EG&G/EM Program Review, Bakersfield, California.
- Meyer, S. F., T. S. Trasatti, D. F. Williams, and D. J. Germano. Comparative densities of valley floor and foothill populations of blunt-nosed leopard lizards and coast horned lizards. Presented 14 January 1994 at the EG&G/EM Program Review, Bakersfield, California.
- Germano, D. J., and R. B. Bury. Ecology and demographics of a population of *Emydoidea blandingi* at Valentine National Wildlife Refuge, Nebraska. Presented 4 June 1994 at the annual meeting of the American Society of Ichthyologists and Herpetologists, Los Angeles, California.
- Williams, D. F., and D. J. Germano. Population responses of *Dipodomys ingens* to fluctuating precipitation during a 7.5 year period, including severe drought. Presented 21 June 1994 at the annual meeting of the American Society of Mammalogists, Washington, D.C.
- Bury, R. B. (given by D. J. Germano). Ecology of the *agassizii* tortoise group. Presented 8 October 1994 at the North American Tortoise Conference, Mapimi Biosphere Preserve, Durango, Mexico.
- Germano, D. J. Modeling populations of North American tortoises: model results and assessment of data adequacy. Presented 10 October 1994 at the North American Tortoise Conference, Mapimi Biosphere Preserve, Durango, Mexico.
- Germano, D. J. Ecology of a foothill population of blunt-nosed leopard lizards. Presented 4 November 1994 at the Biology Colloquium, Department of Biology, California State University, Northridge, California.
- 1995
- Germano, D. J., and W. M. Rhodehamel. Architecture of burrows of kangaroo rats on the valley floor of the southern San Joaquin Valley. Presented 3 February 1995 at the annual meeting of the Western Section of The Wildlife Society, Rohnert Park, California.
- Germano, D. J. Waterfowl blinds in the San Joaquin Valley: death traps for endangered species. Poster Presented 2-4 February 1995 at the annual meeting of the Western Section of The Wildlife Society, Rohnert Park, California.

2000

- Germano, D. J. Western pond turtles in the Central Valley of California: Growth and age structure. Presented 29 January 2000 at the annual conference of the Western Section of The Wildlife Society, Riverside, California.
- Germano, D. J. Western pond turtles in the Central Valley of California. Presented 23 March 2000 at the San Joaquin Valley Natural Communities Conference held at California State University, Bakersfield.

2001

- Germano, D. J. Another case study of translocating the Tipton kangaroo rat: are we benefiting the species? Presented 23 February 2001 at the annual conference of the Western Section of The Wildlife Society, Sacramento, California.
- Germano, D. J. Translocating Tipton kangaroo rats: are we benefiting the species? Presented 22 March 2001 at the San Joaquin Valley Natural Communities Conference held at California State University, Bakersfield.
- Germano, D. J., and R. B. Bury. Geographic and temporal comparisons of growth of western pond turtles. Presented 9 July 2001 at the combined ASIH and AES meeting, State College, Pennsylvania.

2002

Znari, M., J. Mace, D. J. Germano, and A. Saadi. Geographic variation in growth and population structure in *Testudo graeca* from central western Morocco. Presented July 2002 at the meeting on the Ecology of Animal Communities in North Africa held at Toulouse, France.

Germano, D. J., G. B. Rathbun, and L. R. Saslaw. Correlation of abundances of small vertebrates with amounts of residual dry matter in the southern San Joaquin Valley. Presented 7 November 2002 at the annual meeting of the California-Pacific Section of the Society for Rangeland Management, Coalinga, California. INVITED

Germano, D. J. Use of GPS in radio telemetry studies to determine the home ranges of the blunt-nosed leopard lizard and San Joaquin antelope squirrel. Presented 22 November 2002 at the annual meeting of the Kern County GIS Working Group, Bakersfield, California. INVITED

2003

Germano, D. J. Use of cattle grazing to protect endangered species in the southern San Joaquin Valley. Presented 5 February 2003 to the Kern-Keweenaw Chapter of the Sierra Club, Bakersfield, California. INVITED

Germano, D. J., G. Rathbun, E. Cypher, L. Saslaw, and S. Fitton. Lokern Grazing Study: Six years of population changes of species at risk of extinction. Presented 27 March 2003 at the semi-annual San Joaquin Natural Communities Conference, California State University, Bakersfield.

Germano, D. J., and L. Saslaw. Population fluctuations of giant kangaroo rats at the North Lokern Site. Presented 27 March 2003 at the semi-annual San Joaquin Natural Communities Conference, California State University, Bakersfield.

Germano, D. J. Ecology and natural history of the endangered blunt-nosed leopard lizard. Presented 15 April 2003 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society, held in Bakersfield, California. INVITED

Germano, D. J. Radio-tracking blunt-nosed leopard lizards at the Lokern Study Area: 2002 results. Presented 15 April 2003 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society, held in Bakersfield, California. INVITED

Germano, D. J. Identification, distribution, and ecology of *Clemmys marmorata*. Presented 8 May 2003 at the workshop Identification and Ecology of Sensitive Amphibians and Reptiles of Southern California sponsored by the Western Section of The Wildlife Society, held in Riverside, California. INVITED

Germano, D. J. Identification, distribution, and ecology of *Kinosternon sonoriense*. Presented 8 May 2003 at the workshop Identification and Ecology of Sensitive Amphibians and Reptiles of Southern California sponsored by the Western Section of The Wildlife Society, held in Riverside, California. INVITED

Germano, D. J., and B. Bury. Where have all the little turtles gone...long time passing? Presented by D. 29 June 2003 at the Joint Meeting of Ichthyologists and Herpetologists, Manaus, Amazonas, Brazil.

Germano, D. J. Ecology of the Western pond turtle, *Emys marmorata*. Presented 6 September 2003 at a symposium sponsored by the Westchester chapter of the California Turtle and Tortoise Club, Compton, California. INVITED

2004

Germano, D. J. Long-term fluctuation of a population of blunt-nosed leopard lizards in relation to precipitation and herbaceous plant biomass. Presented 25 March 2004 at the semi-annual San Joaquin Natural Communities Conference, California State University, Bakersfield.

Germano, D. J. Determining the ecology of an endangered lizard: blunt-nosed leopard lizards on the Elkhorn Plain, California. Presented 23 April 2004 at the Department of Biological Science Seminar Series, California State University, Stanislaus. INVITED

2005

Germano, D. J. Coloration and population fluctuation of blunt-nosed leopard lizards (*Gambelia sila*) on the Elkhorn Plain, California. Presented 9 March 2005 to the Lunch Seminar of the Museum of Vertebrate Zoology, University of California, Berkeley. INVITED

Germano, D. J. Western pond turtles from north to south: what do we know? Presented 16 March 2005 at the Western Pond Turtle Symposium of the Western Section of The Wildlife Society, Rohnert Park, California. INVITED

2006

Germano, D. J. The Moorish tortoise (*Testudo graeca graeca*) in Morocco. Presented 17 January 2006 to the Kern County Chapter of the California Turtle and Tortoise Club, Bakersfield, California. INVITED

Germano, D. J. Sex and habitat effects on home ranges of blunt-nosed leopard lizards. Presented 9 February 2006 at the annual conference of the Western Section of The Wildlife Society, Sacramento, California.

Germano, D. J., and G. B. Rathbun. Growth and demography of western pond turtles at Vandenberg Air Force Base, California. Presented 13 May 2006 at the annual meeting of the Southern California Academy of Science, Pepperdine University, Malibu, California.

- Germano, D. J. Managing exotic grasses and conserving declining species. Presented 28 June 2006 at the meeting of the Society of Range Management held with the Society of Conservation Biology, San Jose, California. INVITED
- Germano, D. J. Population ecology of western pond turtles at Goose Lake in the San Joaquin Desert, California. Presented 1 September 2006 at the 5th Occasional Freshwater Turtle Conference (Powdermill 2006), Portal, Arizona. INVITED
- 2007
- Germano, D. J. Preliminary results of translocating Tipton kangaroo rats to Allensworth Ecological Reserve. Presented 22 March 2007 at the semi-annual San Joaquin Natural Communities Conference, California State University, Bakersfield.
- Germano, D. J. Food habits of the blunt-nosed leopard lizard (*Gambelia sila*). Presented 22 March 2007 at the semi-annual San Joaquin Natural Communities Conference, California State University, Bakersfield.
- Germano, D. J. Ecology and natural history of the endangered blunt-nosed leopard lizard. Presented 17 May 2007 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society, held in Bakersfield, California. INVITED
- Germano, D. J. Sex and habitat effects on home ranges of blunt-nosed leopard lizards. Presented 17 May 2007 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society, held in Bakersfield, California. INVITED
- 2008
- Bury, R. B., and D. J. Germano. Western Pond Turtles: comparison of growth rates and population structure of 10 populations in southern Oregon. Presented 13 February 2008 at the annual meeting of the Oregon Chapter of The Wildlife Society, Salishan, Oregon.
- Germano, D. J. Life in a toilet bowl: the Western Pond Turtle (*Actinemys marmorata*) at sewage treatment plants in the San Joaquin Valley, California. Presented 20 March 2008 at the annual San Joaquin Natural Communities Conference, California State University, Bakersfield
- Germano, D. J. Ecology and natural history of the blunt-nosed leopard lizard. Presented 7 May 2008 at the meeting of the Los Angeles chapter of The Southwestern Herpetologist Society. INVITED
- 2009
- Germano, D. J., G. B. Rathbun, L. R. Saslaw, L. M. Vredenburg, E. A. Cypher, and B. L. Cypher. Misrepresentation of the ecology of place: The San Joaquin Desert. Presented 26 March 2009 at the annual San Joaquin Natural Communities Conference, California State University, Bakersfield.
- Germano, D. J. Ecology and natural history of the blunt-nosed leopard lizard. Presented 7 April 2009 at the meeting of the Kern Chapter of The Southwestern Herpetologist Society. INVITED
- Germano, D. J. Ecology and natural history of the endangered blunt-nosed leopard lizard. Presented 6 May 2009 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society; held in Bakersfield, California. INVITED
- Germano, D. J. Sex and habitat effects on home ranges of blunt-nosed leopard lizards. Presented 6 May 2009 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society; held in Bakersfield, California. INVITED
- Bury, R. B., and D. J. Germano. Ecology and conservation of tortoises and freshwater turtles: What are the challenges ahead? Presented 21 July 2009 at the symposium Ecology and Conservation of Freshwater Turtles and Tortoises, part of the combined HL, SSAR, ASIH national meetings in Portland, Oregon.
- Germano, D. J., and R. B. Bury. Growth, population structure, and reproduction of the Western Pond Turtle across its range. Presented 21 July 2009 at the symposium Ecology and Conservation of Freshwater Turtles and Tortoises, part of the combined HL, SSAR, ASIH national meetings in Portland, Oregon.
- 2010
- Germano, D. J., L. R. Saslaw, P. T. Smith, and B. L. Cypher. Recovering the endangered Tipton kangaroo rat: Can translocation help? Presented 27 January 2010 at the annual conference of the Western Section of The Wildlife Society, Visalia, California.
- Hult, S. M., and D. J. Germano. Demographics and ecology of the coast horned lizard (*Phrynosoma blainvilli*) at Atwell Island, Tulare County, California. Presented 27 January 2010 at the annual conference of the Western Section of The Wildlife Society, Visalia, California.
- Grimes, A. J., D. J. Germano, P. T. Smith, and G. N. Corrigan. Genetic variation among populations of *Gambelia sila* with emphasis on the purported hybrid zone. Presented 27 January 2010 at the annual conference of the Western Section of The Wildlife Society, Visalia, California.
- Tennant, E. N., and D. J. Germano. Determining optimal translocation conditions and potential competitive interactions for the endangered Tipton kangaroo rat (*Dipodomys nitratoides nitratoides*) and the Heermann's kangaroo rat (*D. heermanni*). Presented 27 January 2010 at the annual conference of the Western Section of The Wildlife Society, Visalia, California.

- Germano, D. J., L. R. Saslaw, P. T. Smith, and B. L. Cypher. Recovering the endangered Tipton kangaroo rat: Can translocation help? Presented 25 March 2010 at the annual San Joaquin Natural Communities Conference, California State University, Bakersfield.
- Germano, D. J. Ecology and biology of the giant kangaroo rat (*Dipodomys ingens*). Presented 16 September 2010 at the Small Mammal Workshop sponsored by the San Joaquin Chapter of The Wildlife Society, held in Bakersfield, California. INVITED
- 2011
- Tennant, E. N., and D. J. Germano. An experimental test of competitive interactions between Tipton (*Dipodomys nitratoides nitratoides*) and Heermann's (*D. heermanni*) kangaroo rats in the San Joaquin Valley of California. Presented 24 March 2011 at the annual San Joaquin Natural Communities Conference, California State University, Bakersfield.
- Germano, D. J., G. B. Rathbun, and L. R. Saslaw. Does cattle grazing benefit a community of protected vertebrates in the San Joaquin Desert? Presented 24 March 2011 at the annual San Joaquin Natural Communities Conference, California State University, Bakersfield.
- 2012
- Germano, D. J. Priority herps in California: Why Western Pond Turtles should not be on the list. Presented 14 January 2012 at the California Reptile and Amphibian Conservation and Management Forum, Placerville, California. INVITED
- Germano, D. J. Research in the land of little rain: Wildlife studies in the San Joaquin Valley of California. Presented 17 February 2012 at the Department of Biological Science Seminar Series, California State University, Stanislaus. INVITED
- Germano, D. J., and L. Saslaw. Giant kangaroo rats at the North Lokern Site: Record high abundances in 2010 and 2011. Presented 29 March 2012 at the semi-annual San Joaquin Natural Communities Conference, California State University, Bakersfield.
- Germano, D. J., G. B. Rathbun, and L. R. Saslaw. Does cattle grazing benefit a community of protected vertebrates in the San Joaquin Desert? Presented 3 August 2012 at the Invasive Plant Control Conference, Wind Wolves Preserve, Kern County, California. INVITED
- Germano, D. J. Ecology and biology of the giant kangaroo rat (*Dipodomys ingens*). Presented 5 October 2012 at the Small Mammal Workshop sponsored by the San Joaquin Chapter of The Wildlife Society, held in Bakersfield, California. INVITED
- 2013
- Germano, D. J. Ecology and natural history of the endangered blunt-nosed leopard lizard. Presented 2 May 2013 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society; held in Bakersfield, California. INVITED
- Smith, P. T., Grimes, A., and Germano, D. J. Mitochondrial DNA variation among populations of *Gambelia sila*. Presented 2 May 2013 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society; held in Bakersfield, California. INVITED
- Germano, D. J. Walking survey methods for blunt-nosed leopard lizards. Presented 2 May 2013 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society; held in Bakersfield, California. INVITED
- Germano, D. J. Sex and habitat effects on home ranges of blunt-nosed leopard lizards. Presented 2 May 2013 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society; held in Bakersfield, California. INVITED
- Germano, D. J. Growth, population structure, reproduction, and survivorship of the Western Pond Turtle at a high elevation pond in southern California. Presented 15 July 2013 at the combined HL, SSAR, ASIH national meeting in Albuquerque, New Mexico.
- 2015
- Germano, D. J. Boom and bust or steady as she goes: a comparison of the dynamics of two populations of kangaroo rats in the southern San Joaquin Desert. Presented 26 March 2015 at the San Joaquin Natural Communities Conference, Bakersfield, California.
- Germano, D. J. Western pond turtles from north to south: what do we know? Presented 24 October 2015 at the Western Pond Turtle Symposium of the Western Section of The Wildlife Society, Rohnert Park, California. INVITED
- 2016
- Germano, D. J. Ecology and natural history of the endangered blunt-nosed leopard lizard. Presented 6 May 2016 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society; held in Bakersfield, California. INVITED
- Germano, D. J. Home Range and habitat use by Blunt-nosed Leopard Lizards in the southern San Joaquin Desert of California. Presented 6 May 2016 at the Blunt-nosed Leopard Lizard Workshop sponsored by the California

Department of Fish and Game and the San Joaquin Chapter of The Wildlife Society; held in Bakersfield, California.
INVITED

Germano, D. J. Habitats of the Desert Tortoise. Presented 13 June 2016 to the Kern County Chapter of the California Turtle and Tortoise Club, Bakersfield, California. INVITED

- Germano, D. J., and L. R. Saslaw. Rodent community dynamics as mediated by environment and competition at a site in the San Joaquin Desert. *Journal of Mammalogy*, <https://doi.org/10.1093/jmammal/gyx140>.

PAPERS IN REVIEW

- Stewart, J. A. E., H. S. Butterfield, J. Q. Richmond, D. J. Germano, M. F. Westphal, E. N. Tennant, and B. Sinervo. Climatic niche contraction, habitat restoration opportunities, and conservation biogeography in California's San Joaquin Desert. *Diversity and Distribution*. Submitted 11-9-17.

PAPERS IN PREPARATION

- Grimes, A. J., P. T. Smith, and D. J. Germano. Molecular evidence supports the specific status of the endangered Blunt-nosed Leopard Lizard, *Gambelia sila* (Squamata: Iguanidae).
- Germano, D. J. Thermal biology and activity of blunt-nosed leopard lizards.
- Westall, T. L., B. L. Cypher, K. Ralls, and D. J. Germano. Parental care in urban San Joaquin Kit Foxes (*Vulpes macrotis mutica*): relative roles of adult group members.
- Germano, D. J., L. Saslaw, B. Cypher, and L. Spiegel. Response of rodents to fire in the southern San Joaquin Desert.
- Germano, D. J. Population structure of Blunt-nosed Leopard Lizards in the southern San Joaquin Desert of California.
- Rathbun, G. B., D. J. Germano, and L. R. Saslaw. Home range and survivorship of the San Joaquin Antelope Squirrel (*Ammospermophilus nelsoni*) on the Lokern Natural Area.
- Saslaw, L. R., D. J. Germano, and G. B. Rathbun. Temperature and humidity of simulated kangaroo rat burrows in the San Joaquin Desert of California.
- Germano, D. J., and R. B. Bury. Additional evidence of annual deposition of scute rings in *Actinemys marmorata*.
- Germano, D. J. Effect of fire and grazing on *Atriplex* shrubs in the southern San Joaquin Valley.
- Germano, D. J. Characterization of the habitat of the endangered Pacific pocket mouse (*Perognathus longimembris pacificus*) in southern California.
- Germano, D. J., R. B. Bury, and D. J. Morafka. Comparison of growth and morphology of Bolson tortoises from the northern and southern ends of their range.
- Bury, R. B., and D. J. Germano. Comparison of growth, survivorship, and population structure of western pond turtles over 25 years at Hayfork Creek, California.
- Germano, D. J., and R. B. Bury. Comparison of growth and population structure of western pond turtles among human-altered sites in the Central Valley of California.
- Germano, D. J., and L. Saslaw. Effect of fire on the endangered giant kangaroo rat (*Dipodomys ingens*).
- Germano, D. J. Determination of age of blunt-nosed leopard lizards using toe bones.
- Williams, D. F., and D. J. Germano. Reintroduction of giant kangaroo rats (*Dipodomys ingens*) into formerly occupied habitat. *Conservation Biology*.

PROFESSIONAL ACTIVITIES

- Member of the Board of Directors, Section Editor, and Copy Editor of *Herpetological Conservation and Biology*. 2006–present.
- Editor, *Western Wildlife*. 2013–present.
- Member of the Tortoise and Freshwater Turtle Specialist Group of the IUCN. 2003–present.
- Animal Care and Use Committee (ACUC) community representative for the Western Ecological Research Center (WERC) of the U.S. Geological Survey. 2008–2010.
- Acting Editor, *Transactions of the Western Section of The Wildlife Society*. 2007 (due to death of Editor).
- Associate Editor, *Transactions of the Western Section of The Wildlife Society*. 2000–2004.
- Co-editor (with R.B. Bury) of the contributed volume "Biology of North American Tortoises."
- Co-editor (with R.B. Bury, H.H. Welsh, Jr., and D.T. Ashton) of the contributed volume "Western Pond Turtle: Biology, Sampling Techniques, Inventory and Monitoring, Conservation, and Management."

Symposia, Conferences, and Workshops

- Co-organizer (with L. Saslaw and B. Cypher) of the annual conference "San Joaquin Valley Natural Communities Conference" held March 1998–2001, 2003–2013 at California State University, Bakersfield.
- Presenter (with G. B. Rathbun) of a workshop entitled "Pacific (Western) Pond Turtles" given by the Elkhorn Slough Coastal Training Program, Resource Conservation District of Santa Cruz County, held 29 August 2008, 24 May 2009, 17 June 2010, 25 August 2011, 16 August 2012, and 27 June 2013 at the Elkhorn Slough National Estuarine Research Reserve, Elkhorn, California.
- Co-organizer (with R. B. Bury) of the symposium "Ecology and Conservation of Freshwater Turtles and Tortoises" held 26 July 2009 at the combined HL, SSAR, ASIH meetings at Portland, Oregon.
- Co-organizer (with R. B. Bury) of the symposium "Life History and Ecology of Chelonians" held 27–28 June 1997 at the combined HL, SSAR, ASIH meetings at Seattle, Washington.
- Presenter (with M. R. Jennings and D. J. Morafka) of a workshop entitled "Biology and inventory techniques of sensitive amphibians and reptiles in central and southern California" given by the Central California Chapter of The Wildlife Society held 11–12 June 1994 in Goleta, California.
- Co-organizer (with R. B. Bury) of the symposium "North American Tortoises: Ecology and Conservation Issues in the 1990s" held 16 June 1990 at the ASIH meeting at Charleston, South Carolina.
- Symposium organizer for the "Biology of the Carrizo Plain: a Southern San Joaquin Valley Area Ecosystem" held 12 May 1990 at the annual meeting of the Southern California Academy of Sciences at California State University, Dominguez Hills.
