

Group Discussion Format through Blackboard

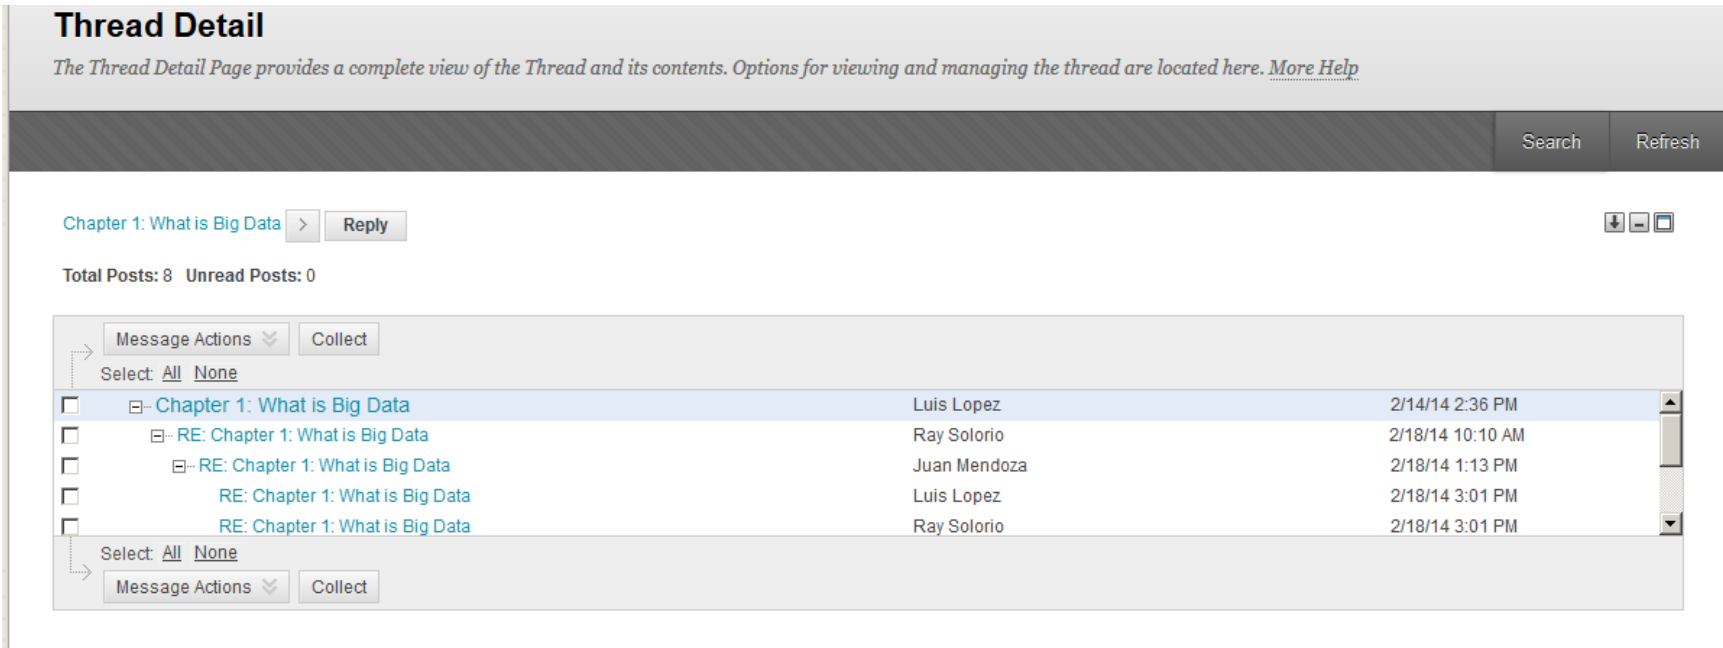

As you can see from below example, make sure to specify each chapter number and title as each “Thread” title.

The screenshot shows a Blackboard interface for managing discussion threads. At the top, there is a 'Create Thread' button and a search bar. Below this is a table of threads with columns for 'Date', 'Thread', 'Author', 'Status', 'Unread Posts', and 'Total Posts'. The threads listed are:

	Date	Thread	Author	Status	Unread Posts	Total Posts
<input type="checkbox"/>	3/18/14 5:20 PM	Chapter 6: The people part of the equation	Luis Lopez	Published	3	3
<input type="checkbox"/>	3/11/14 2:23 PM	Chapter 5: Business Analytics	Luis Lopez	Published	3	4
<input type="checkbox"/>	2/14/14 2:36 PM	Chapter 1: What is Big Data	Luis Lopez	Published	0	8

As you can see from below example, make sure to discuss all together under the same “Thread” title. Otherwise, your discussion will not be counted.

The screenshot shows the 'Thread Detail' page for the thread 'Chapter 1: What is Big Data'. It includes a 'Reply' button and a 'Total Posts: 8 Unread Posts: 0' indicator. Below this is a list of messages with columns for 'Message Actions', 'Message', 'Author', and 'Date'. The messages listed are:

Message Actions	Message	Author	Date
