Catalog Course Description:  
Art 404, Painting Studio. (5) Selected ideas and processes of painting. Studio projects emphasize the development of a individual aesthetic and style by the student. May be repeated three times for credit. Materials fee required.  
Prerequisite: Art 304.  
Materials fee ($40.00) required.

Your fee purchases a limited amount of the following: paint, canvas, wood for stretcher bars, cardboard, mineral spirits, liquin, gesso.

You are required to buy your own pencil, brushes, palette knife, sketch book, palette, additional paint and a box for supplies.

Please be advised that you will be spending at least $75.00 (in addition to the materials fee) on supplies as the quarter progresses. Keep in mind also, that you will not be required to buy any textbooks for this class.

You are expected to attend every class session and to be prepared for each session. You are expected to work outside of class. Remember: you learn to paint by painting - this is a hands-on class.

It is suggested that you use your sketchbook for note taking, vocabulary references, work on arrangements, experimentation with techniques, to make notes in as you work, to doodle in. It is also a good idea to work on more than one painting at a time.  
You may only copy existing artworks as studies

The grade you earn in this class is based on your effort in fulfilling the assignments set out, participating in critiques, as well as your attitude.

A (excellent) means you have perfect attendance, you are prepared, complete projects on time, experiment, take risks, work outside of class, and show extra willingness.  
B (above average, good) means you have perfect attendance, you are prepared, work outside of class, complete projects on time.  
C (average) means you will do the basics, show up (missing no more than 3 classes), complete the paintings.  
D (below average) means you have poor attendance, minimal effort and grudging work with incomplete and late projects.
Course objectives: My objective for this class is that students acquire a broad foundation of knowledge and skills related to painting on which to build. In this class the student will learn:

1. How to construct a painting from stretcher bars through to a finished work of art. Resulting in greater self-reliance as an artist.
2. To use safe studio practices resulting safe use and disposal of paint materials and safe use of power equipment related to the building of stretcher bars.
3. For first time painters some color theory including how to mix colors resulting in a more sophisticated looking painting.
4. How to make decisions regarding composition (organizing a painting effectively.)
5. Use of contrast, tension, harmony and light to strengthen impact.
6. How to show the viewer what is important in the composition.
7. To develop a personal aesthetic stance regarding painting.
8. To be able to communicate about painting: properly name colors, discuss your own and others’ compositions, names of painting supplies, brush types, etc.

VERY IMPORTANT. PLEASE READ:
To request academic accommodations due to a disability, please contact the Office of Services for Students with Disabilities (SSD) as soon as possible. Their office is located in SA 140, and they may be reached at 661-654-3360 (voice) or 661-654-6288 (TDD). If you have an accommodations letter from the SSD Office documenting that you have a disability, please present the letter to me during my office hours as soon as possible so we can discuss the specific accommodations that you might need in this class.

The calendar will be revised at the discretion of the instructor if necessary.

Calendar:
March 28: Introduction to class and expectations. Premiminary quiz. Discussion of direction you wish to take with your three paintings: you choose or I will. The goal is to begin to develop a personal aesthetic and do some problem solving. I will want to see the use of principles of design in your work. We will go over that.

You will write up a proposal outlining the type of work you intend to do, the number of pieces, size, etc. We will discuss it and come to an agreement. For EACH painting you will produce a MINIMUM of 10 thumbnails exploring composition, format, use of space.

April 4: Begin painting #1
April 6: Painting #1  Work on thumbnails for painting 2
April 11: Painting #1. Show me your thumbnail sketches for painting 2
April 13: Begin painting #2, underpainting, etc. then switch back to working on painting #1
April 18: work on paintings #1. If you have not already done so, work outside class to prepare the canvas for painting #2.

April 20: work on paintings #1 and 2. Finish painting #1.

April 25: **Midterm Quiz & Critique: Painting #1 is due.**
If you are a ‘speed painter’ then paintings #1 and #2 are due.
**Objective:** Talk about the work & what you’ve learned

April 27: Work on painting #2.

May 2: Work on painting #2. Show me your thumbnail sketches for painting 3.

May 4: Finish painting #2. If you have not already done so, work outside class to prepare the canvas for painting #3.
