Pre-Press Proofing

Digital Proofing
A faster, more economical alternative to the hardcopy proof. We will send you an electronic file to confirm, which saves time and is free of charge. Great for layered files or whenever color is less of a priority.

Hard-copy Proof
Confirm the color accuracy of your artwork with our hard-copy proof service. We will print you a hard copy proof for pickup. Once you approve the proof, we will begin printing. We've invested a lot of time, money and energy into this process with proof profiles targeted specifically to our machines and even special settings for uncoated and glossy paper. The result? Our proofs ensure that the hard copy you see is a perfect match with our final output.
