- · Courses may not always be taught in the semester shown. Check for the most current list of projected course offerings.
- Area A4 and Area B1 and B2 requirements are satisfied within the major; you DO NOT need to take them.
- *The SELF requirement is met by completing a lower division Area C or D course with a SELF component.
- Be sure to meet with your Biology faculty advisor frequently to ensure you are meeting all degree requirements.
- This is just one example of how to schedule classes to graduate in 4 years. Other schedules may be equally valid.
