## What is CAMP?

*"To serve, educate and empower migrant and farm-working families"*

## How to qualify for CAMP?

The College Assistance Migrant Program (CAMP) is a national educational program funded by the U.S. Department of Education, Office of Migrant Education. Bakersfield—CAMP is designed to assist its first-time freshmen students during their first-year in college, to successfully complete their freshmen year at CSU, Bakersfield. High school students interested in participating in Bakersfield—CAMP are assisted with the completion of their college admission process and the overwhelming transition into college.

**ABIGAIL ALEJANDRA  
SANCHEZ**

*"One of the best decisions I made during my first year of college was thanks to the CAMP program. Thanks to the CAMP program I was able to have a 10-week internship at the USDA in Washington, D.C. Where the experience, knowledge, encouragement, and networking opportunities that I received are now invaluable. Through the CAMP program, I was also able to develop many relationships that became a "Familia". Why should you join CAMP? The CAMP program will be a positive college experience that will not only help you boost your confidence in your abilities, but you will also be part of a bigger 'Familia'."*

**JUAN PABLO  
SANCHEZ SANCHEZ**

*"I'm glad I decided to join CAMP; it was the right choice. I had the chance to make lasting friends, pick up new skills, and make priceless experiences by joining the program. This program is more like a family. The closeness of the faculty and other student peers lessens the loneliness of college. Everyone is behind you and willing to help you on your quest. I was able to develop my leadership and communication skills with the aid of CAMP, which helped me interact with others more successfully. The friends you create in this program are unlike any other friends you'll have, and it feels like you've known them for a long time."*
