Dear Graduates:

PRESIDENT’S MESSAGE

To the Graduating Class of 2019:

On behalf of the Associated Students, Inc. at CSU, Bakersfield, I would like to extend my sincerest congratulations on this wonderful accomplishment.

This is one of those days we will remember for the rest of our lives! It may not have been easy, and there may have been times where we wanted to give up, but we made it through! We did it! This is something to be proud of.

But your journey does not end here. Each and every one of you will go off and do wonderful things in life! The struggle is finding it. Michelangelo once said, "The greater danger for most of us lies not in setting our aim too high and falling short; but in setting our aim too low, and achieving our mark.” Never settle. Use what you have learned here at CSUB to continue to push yourself through the new challenges that happen as we enter the next chapter of our lives.

As your ASI President, I witnessed the countless sacrifices and struggles you have gone through to be here today. Even through these struggles, I have witnessed strength and resilience. More importantly, I have seen the selflessness and support to others that you have shown throughout this journey. It is an honor to stand alongside you as a member of the Graduating Class of 2019.

It has been an honor to serve as your ASI President. I cannot wait to see all the fantastic things that you will accomplish throughout your lives! I am excited to see how you all take what you have learned here and make our world a better place.

Again, congratulations on this tremendous achievement! Now go out and continue to push yourselves and change the world!

Sincerely,

Ashley Schmidt ’19
President & CEO, Associated Students, Inc.

PRESIDENT’S MESSAGE

Class of 2019:

Congratulations! On behalf of the more than 50,000 graduates of CSUB, let me be the first to welcome you to the family of Roadrunner alumni.

Today we celebrate your hard work, tenacity and grit. A college degree is a remarkable accomplishment. Never lose sight of this fact. No matter what life throws your way, this achievement should remind you of all that you are capable.

I want to personally invite you to join the CSUB Alumni Association and remain connected to our alma mater. Membership is free; all you have to do to join is visit our website (www.csub.edu/alumni) and update your contact information. Our Alumni Association Directors, along with the Office of Alumni Engagement, work tirelessly to offer programs and events for alumni to connect, develop and grow.

In "The Road to Character," author David Brooks writes, “We don't become better because we acquire new information. We become better because we acquire better loves... Education is a process of love formation. When you go to a school, it should offer you new things to love.”

It is my hope that as you leave CSUB, you take with you more than information. That you take better, higher loves. And that you possess a desire to grow and contribute to the well-being of our neighborhoods, cities and world that never ends.

Today is just the beginning.

Ms. Jane Elliott

Ms. Jane Elliott has been a champion of social justice for nearly 50 years, with her advocacy for racial equality a never-ending pursuit.

Ms. Jane Elliott is widely known in academic circles as the creator of the Blue-Brown discrimination-reducing exercise, developed in response to the assassination of the Rev. Dr. Martin Luther King Jr. to explain the concept of racism. Her work showing how phenotype differences such as eye color are given social value has demonstrated to a general audience how irrational prejudice can be.

Ms. Jane Elliott’s diversity training and advocacy has come at a great personal and professional price. As a result of her early work in her hometown of Riceville, Iowa, many of her neighbors, and even some family members, ostracized her for her work and intentions of improving race relations.

While critics exist to this day, Ms. Jane Elliott moves ahead undeterred at age 85. She has been the subject of eight documentaries, continues to conduct race-relations workshops throughout the country, conducts many interviews, all with the goal of creating a just society for all citizens. Her videos continue to influence college students taking courses in psychology, sociology, child development, criminal justice and many other disciplines. While it is not necessary to walk in one another’s shoes, these videos have served the purpose she envisioned in 1968: “People are vicarious learners and can be influenced to know right from wrong.”

In 1952, after graduating from high school, Elliott attended the Iowa State Teachers College (now the University of Northern Iowa), where she attained an emergency elementary teaching certificate. In 1953, she began her teaching career in a one-room school in Randall, Iowa.

In recognition of the extraordinary impact of her achievements as an activist and advocate for social justice, which have created lasting change in the lives of millions across the country, the Board of Trustees of the California State University and California State University, Bakersfield are proud to confer upon Jane Elliott the honorary degree of Doctor of Humane Letters.

Honorary Doctorate of Humane Letters

Jon’s distinguished career as a leader in the local health care industry began in 1993 at Memorial Hospital. His unyielding advocacy for quality, state-of-the-art care with kindness at its core has led to vast improvements in the patient experience and has expanded access to new services, procedures and specialists for residents throughout the Valley.

Jon graduated from the University of the Pacific with a bachelor’s degree in pharmacy. He also earned a master’s degree in Administration - Healthcare Management from California State University, Bakersfield. He has held pharmacy licenses in the states of California and Wyoming.

**Commencement Traditions**

The colorful attire worn by the graduates, faculty, and officers of the university has been an integral feature of American commencement pageantry since the end of the nineteenth century. The tradition of wearing the academic gowns, the mortarboard caps, tassels and hoods and the carrying of the mace originated in Europe during the Middle Ages. The gown is held to be an adaptation of the robe of the friar or priest; the hood, the monk's cowl; and the mortarboard cap recalls the skull cap. All of the regalia recalls the days when teachers needed protection against the drafts of unheated medieval classrooms. Today's commencement exercises maintain much of the tradition and pageantry of the early times, when the occasion of commencement included debates and orations given by candidates to demonstrate their knowledge.

**The Academic Regalia**

The distinctive academic regalia being worn in today's ceremony denotes the wearer's institution, field of study, and degree earned.

For each of the degree levels, bachelor's, master's and doctoral, the gown sleeves indicate the degree held by the wearer. The bachelor's gown is a yoked, closed-front garment with long, pointed sleeves. The master's can be worn open or closed and has long sleeves, usually closed but slit above the elbow. The doctoral gown has full, bell-shaped sleeves and is trimmed with velvet panels down the front and has velvet bars on each sleeve. The color of the panels and bars is often varied to indicate the academic discipline in which the doctoral degree was earned.

The mortarboard cap is the accepted style of headdress in colleges and universities throughout the United States. Other distinctive and colorful forms of headdress are often found in foreign universities.

An integral part of the headdress, the tassel, varies widely in its use and color. The bachelor's candidate at CSU Bakersfield wears a blue tassel and the master's wears a gold tassel.

The length and shape of the hood also indicate the highest degree earned by the wearer. Although hoods are available for all three degree levels, the hood for the bachelor is seldom used. The bachelor's hood is three feet long, the master's three and a half feet, and the doctor's four feet with wide panels on either side. The color of the velvet border on any hood indicates the field of study in which the candidates have taken their degree, as outlined below.

**Graduation with Honors**

Honors at graduation are awarded to undergraduate students who have completed at least 40 residential units of letter grade work as part of their baccalaureate program. Honors awards take into account all courses taken at California State University, Bakersfield and other institutions of higher learning. The grade point averages (GPA) necessary for graduation with honors are as follows:

- *** summa cum laude 3.9 to 4.0 GPA
- ** magna cum laude 3.6 to 3.89 GPA
- * cum laude 3.3 to 3.59 GPA

**Honor Cords**

Gold cords signify a graduate is graduating with honors in one of the three areas:
- Summa Cum Laude 3.9 to 4.0 GPA
- Magna Cum Laude 3.6 to 3.89 GPA
- Cum Laude 3.3 to 3.59 GPA

**The Mace**

The University Mace is a ceremonial symbol of authority carried in academic processions during commencement and convocations at universities and colleges. The honor of serving as Bearer of the Mace at California State University, Bakersfield is accorded to a distinguished faculty and the Chair of the Academic Senate, the governing body of the faculty.

The determinations of honors awards cannot be made until final grades are recorded and completion of graduation requirements are verified for all candidates. Therefore, the diplomas and permanent record cards for those who earn honors after final grades have been considered will bear the appropriate designation of summa cum laude, magna cum laude, or cum laude.
