ICE Fuera! Latina/o/x Power in the Streets of Bakersfield

Featuring:

**Dra. Nora Cisneros Asistant Profesor
of Chicana/o/xLatina/o/xStudies**

Join Dra. Cisneros for a community platica to learn about the local activists and movements that defend immigrant communities. Her platica will discuss how Latina/o/x are racially profiled, criminalized, and how we can end the cumulative legal violence that harms Latinx families in Kern County. At the heart of this platica is a collective call to community empowerment that stops ICE raids and the expansion of immigrant detention centers.
