2022-23 Faculty Assigned Time

Every year the CSU Chancellor's Office (CO) provide the campuses detailed information on the annual academic and course data file reporting schedule.

According to the CO, timely and accurate data transmissions enable the CSU to inform system-level decisions and meet state and federal reporting requirements. The data allow accurate reporting and measurement of campus efforts and progress towards achieving CSU goals and inform CSU efforts related to campus planning, support and resources. Within the context of the various academic units, there is a need for us to adhere to this general policy that establishes the principles of consistency, equity, and flexibility together with a process for determining workload responsibilities that is uniform across the various schools. Therefore, the APDB submissions to the CO remains the official data for research and planning purposes.
