DATES OFFERED	COURSE NAME AND DESCRIPTION
5/27-6/16 6/24-7/28 7/29-8/18	QLT Introduction to Teaching Online Using QLT: The content covered in this course includes orienting students to the online course, organizing a module framework, discussing Equity-Minded strategies, UDL principles, and accessibility, developing a community of learners, reflection on assessment strategies, and creating media.
5/27-6/16 6/24-7/28	QLT Advanced QLT Course in Teaching Online: This course will focus on how to create a course and module structure to align with objectives, promote social presence, use equity minded and engagement strategies, employ active learning with video, and utilize alternative assessments. Participants will complete a QLT Core-24 self review on their own course for reflection to guide them as they progress through the course in identifying areas to improve on. <i>Note: Partially or fully developed is required prior to registration.</i>
7/29-8/18	QLT Reviewing Courses Using the QLT Instrument: This course offers an in-depth experience with the CSU QLT rubric for reviewing online/hybrid courses. Participants will use objective-based examples to rate elements of a sample course, learn to write recommendations, and discuss the peer-review process. This course is ideal for those interested in serving as a peer-reviewer.
5/27-6/16 6/24-7/28 7/29-8/18	AI Tools for Teaching & Learning: Learn basic AI terminology, engage in hands-on exploration of AI Tools, learn strategies for detecting AI-generated content, and techniques to address potential misuse of AI tools by students. Participants will apply the knowledge gained to develop a personalized AI use policy for their course, and find resources to maintain currency in this dynamic field.
5/27-6/16 6/24-7/28	QM Improving Your Online Course: Explores the QM Rubric and participants complete a QM self-review (QM Essential Standards) and develop a course improvement plan. <i>Note: Having an online/hybrid course partially or fully developed is required prior to registration.</i>
7/29-8/18	QM Applying the QM Rubric: Provides an overview of Quality Matters (QM) organization, the QM rubric and annotations, the research underlying the QM rubric, and the peer-review process for evaluating the quality of the design of an online course. This course is required for faculty wanting to complete the QM peer reviewer certification.

*QM courses only available to faculty/staff from CSU QM affiliate campuses: Bakersfield, Dominguez Hills, East Bay, Fullerton, Long Beach, Los Angeles, Monterey Bay, Sacramento, San Bernardino, San José, Stanislaus
