EDUC 123

Members Present: P.Newberry, C. Kemnitz, D. Gove, J. Tarjan, I. Sumaya, R. Larson, D. Jackson

- ❖ Adding the requirement of having a syllabus to the compendium for upcoming submissions
 - Requiring a suggested textbook? - J. Tarjan
 - They are helpful, but they're already required on MCOs and syllabi.
 - The text must support the learning outcomes
 - A syllabus would be in the best interests of the Spring submissions, it may be too late to make it a requirement
 - Put this on the website
- ❖ Compendium updates
 - Ad hoc committee?
 - Learning Community Facilitators could look at the foundational skills.
 - Need to clean up the typos and language of things we already know...Oral comm reinforcement in Capstone.
 - Do the GELOs go to Senate? No, GECCo approved them.
 - Let us add them to the compendium.
 - Debra will create a matrix and submit to GECCo for approval to be put in the compendium
 - Typos can be edited now.
 - Language will be reviewed by the committee (without changing the requirements). can be done ASAP.
 - Revising/adding requirements - we can take some time
 - How does a GECCo member propose a revision to the compendium?
