Introduced Michael Ault as the Assessment Coordinator.

1. PHIL/PSYC 3528:
  - a. **Conditional Approval** – flesh out assignments in Area C & cut & paste learning outcomes. Paul revision.
2. TLC “flipped classroom” training in Spring
  - a. GECCo members were in favor of counting this session as faculty GE professional development.
  - b. Some concerns were raised that the conversations held during the “Flipped Classroom” trainings won’t include the appropriate collaboration among faculty that we want for GE.
  - c. Must be careful on what we say counts so this isn’t seen as an “easy” way out.
  - d. ACTION: Paul will check to see if we can invite some LCFs to take initiative in portion of the training to connect with GE.

\*Have TLC offer Large-lecture trainings. Maybe taught by Anne Duran and Kent Price.

\*GECCo & TLC to put out a survey on what they think future topics should be. Need to get faculty more invested.
