# Get to know CSUB

---

Nadya Carr, HR Training and Reporting Analyst

# Pop Quiz! - What do you know about CSUB?

- When was CSUB founded?
- How many colleges of academic discipline?
- How many athletic teams are competing in NCAA Division I?
- The number of faculty and staff?
- How many campuses comprise the CSU?
- True or false? CSU is the nation's third largest four-year public university system.

# History of CSUB

## 1965 - CSUB Founded

The California State University system authorized the establishment of CSUB in 1965, hence the year on the university seal. The first day of classes was October 1, 1970.

## Early Years

Since that time, CSUB has filled half of the 375 acres, adding facilities to accommodate academic programs, student life and the greater community.

## 2000s - Expansion

The 2000s saw the addition of the Business Development Center, Science III, Student Recreation Center and The Dr. Jacquelyn A. Kegley Center for Student Success which greatly enhanced the student academic experience.

## CSUB Now - A University on the Rise

The university serves nearly 10,000 students today. The master plan builds out the entire campus to accommodate 18,000 students. There continues to be a great deal of growth potential for the campus.

Sustainability and Energy Management

## What is Sustainability?

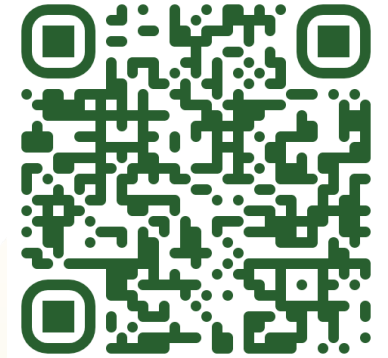

Meeting the needs of the present, without compromising the needs of the future generations.

## Why is it important for college campuses?

Brings together a community of individuals to promote, provide education on, and improve the message of creating a cleaner, greener environment.

In turn, students will leave college with tools and resources for creating a sustainable future

CSUBSUSTAINABILITY

# Key Sustainability Initiatives at CSUB

**Tree Care Plan:** Our Tree Care Plan focuses on planting and maintaining drought-tolerant and native trees. Join us in tree-planting events and help make our campus greener!

**Energy and water conservation:** We are committed to reducing our carbon footprint through energy-efficient appliances and water-saving fixtures. Solar field generates 11% of campus' energy.

**Recycling and Waste Management:** Our robust recycling program encourages proper disposal and recycling of materials. Look for recycling bins around campus!

**Academic Integration:** Sustainability is integrated into our curriculum, preparing students to tackle future environmental challenges.

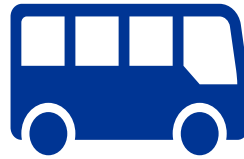

**Habitat:** CSUB is dedicated to conserving the San Joaquin kit fox and native plants like the Bakersfield cactus through monitoring, research, and protected areas. These efforts aim to mitigate habitat loss and promote biodiversity on campus.

# Key Sustainability Initiatives at CSUB

**Sustainable Transportation:** We promote sustainable transportation options like biking and carpooling. Check out our bike racks and EV charging stations!

**Did you know that CSUB offers 50% off monthly GET bus passes to faculty and staff?** The pass costs just \$20 for 31 days. Get yours at the CSUB Cashier's Office with cash or check and bring your faculty or staff ID card.
