### **Data Sources**

Data is taken from PeopleSoft queries. Student demographic information is not included in these queries. For more detailed demographic information, refer to the "Student Enrollment - Headcount or FTES (ERSS)" dashboard.

Students with a primary program that indicates they are Extended Education students are excluded from this report. These programs include PCNV, ECVN, EXTCC, EXTCE, P2EXD, PEXCR, PEXT, PEXTC, PEXTD, UCNV, UEXT, UEXTD.

### **Calculations**

School and department groupings are determined by the school and department of the instructor of each course.

FTES is calculated by taking the number of units a student took in a course and dividing by 12 for Graduate students and 15 for Undergraduate students. Student level is determined by the Student Standing code. If the Student Standing code is not available for a student, 15 is used as the denominator in the FTES calculation.
