## Key Findings

- **Student Satisfaction**
  - More than half of all students indicated that they were ‘very satisfied’ or ‘satisfied’ with their experience at CSUB
- **Time to Degree**
  - More than half of all students indicated that they graduated in the amount of time they had expected
  - Undergraduate students were more likely to indicate that they had trouble getting classes whereas graduate students were more likely to indicate that work delayed their graduation
- **Skills and Knowledge**
  - Students acquired skills and knowledge through their studies
- **Class Activities**
  - Graduate students were more likely to participate in an internship
  - More than a quarter of all students did not participate in class activities
- **Post-Graduation Plans**
  - ‘Pursue/continue employment’ was the most prevalent response among students
- **Job Search**
  - Undergraduate students were more likely to indicate ‘looking but no offers yet,’ whereas graduate students were more likely to indicate ‘planning to stay in my current job after graduation’
- **Application Process**
  - About a quarter of all students accepted an offer of admission to a higher education institution
- **Highest Degree**
  - More than half of the undergraduate students indicated that a ‘master’s degree’ is the highest degree they expect to earn in the future, whereas graduate students were equally likely to indicate that a ‘master’s degree’ or ‘doctoral degree’ is the highest degree that they expect to earn in the future
- **Library**
  - Undergraduate and graduate students spent a comparable amount of hours using library resources
- **Alumni Association**
  - Most students were not familiar with alumni membership benefits
