>> Launch Application

To learn more about NASA visit the homepage at <http://intern.nasa.gov>, also known as **LaunchPad**. It provides resources for U.S. Citizens and Non-U.S. Citizens such as:

- Student On-Line Application for Recruiting (SOLAR) Interns, Fellows and Scholars,
- NASA Student Ambassador Virtual Community,
- Student On-line Research Journal,
- Special Event Announcements,
- Feature Stories and NASA News,
- Tips on completing a successful internship, fellowship, and/or scholarship application
- Interactive Media, Videos and much more.

Overview

SOLAR is a NASA-wide system for the recruitment of undergraduate and graduate students.

Opportunities are available for students in:

- science
- technology
- engineering
- mathematics
- education
- communications
- business

Opportunities for other disciplines may also be available in NASA SOLAR.

Eligibility

- **U.S. Citizen** (either by birth or naturalization)
- At the time the opportunity begins, students must be accepted/enrolled **full-time** in an **accredited U.S. college or university**.
- **Grade point average of 2.8** or higher on a scale of 4.0 (Some internship and fellowship programs will require a higher GPA)

To apply go to:

<http://intern.nasa.gov> (LaunchPad)

and click on

“U.S. Citizen Student Login”
