Subject: Performing Arts Building Restrooms

Directive: 22-1

Public restrooms located on the northwest side of the Performing Arts Building have historically been used by homeless persons not affiliated with CSUB, often resulting in acts of vandalism and misuse. Drug and warrant suspects have been encountered and arrested out of these restrooms.

Due to the potential for encountering subjects under the influence of drugs or alcohol, or experiencing mental health issues, clearance and lock ups for these restrooms should be conducted exclusively by sworn staff.
