

Information Technology Committee (ITC)

The intent of the Information Technology Committee (ITC) is to be a working group as chartered by and reporting to the Information Technology Advisory Council (ITAC). Committee members shall be actively engaged in contributing knowledgeable perspectives regarding information technology needs, opportunities, and capabilities to the work of the committee; and engaged in active listening, communications, and collaboration. The primary focus is to establish and sustain the Information Technology (IT) Roadmap for the University and make recommendations to the ITAC consistent thereto.
