RES 1314062

Resolved: That the Academic Senate, California State University, Bakersfield join the Academic Senate of the California State University (ASCSU) in thanking the Board of Trustees, Assembly Member Das Williams and the Assembly Committee on Higher Education of the California State Legislature for their support of the faculty trustee holdover appointment proposal embodied in AB 2324, and be it further

Resolved: That the Academic Senate, CSU Bakersfield also support AB 2324, and be it further

Resolved: That the Academic Senate, CSU Bakersfield request that all members of the CSU Bakersfield community express their support for AB 2324 as it moves through the legislative process.

Rationale: AB 2324 provides for a holdover appointment for the Faculty Trustee on the CSU Board of Trustees if the Governor has not appointed his/her successor. There is only one faculty member on the Board. In recent years the faculty position has been vacant for long periods of time. Currently, there is no provision for the appointed faculty trustee to continue beyond the two-year term in the absence of a successor appointment by the Governor.
