

**Program Name Change from a Bachelor of Arts in Child, Adolescent, and Family Studies (CAFS) to a Bachelor of Arts in Human Development and Family Studies (HDFS)**

**RES 252639**

AAC, BPC

**RESOLVED:** That the Academic Senate approves the proposed program name change from a Bachelor of Arts in Child, Adolescent, and Family Studies (CAFS) to a Bachelor of Arts in Human Development and Family Studies (HDFS).

**RATIONALE:** The proposed new name more accurately reflects the diverse program strands currently offered in the Child, Adolescent, and Family Studies (CAFS) degree program, which include training in the fields of human development and family studies. The proposed name Human Development and Family Studies and CIP code align with disciplinary norms and other similar programs across the CSU, that offer a curriculum spanning infant, child, adolescent, and adult developmental domains. This change would correct the current misalignment between the Department of Human Development and Child, Adolescent, and Family Studies, which offers a Bachelor of Arts degree in Child, Adolescent, and Family Studies. Additionally, the current six letter acronym HD-CAFS is incompatible with CSUB software. The existing program resources are sufficient to support this program name change.

At their meeting on December 2, 2025, the Academic Senate Executive Committee requested that the Academic Affairs Committee (AAC) and Budget and Planning Committee (BPC) review and address the new proposal for a Bachelor of Arts in Human Development and Family Studies.

During your discussion, please consider:

- rationale as presented in the attached proposal
- impact on students.

Please take up this matter with your committees and get back to me with your recommendations. If your recommendation requires Senate action, please prepare a resolution and the rationale for the resolution.

Thank you.

**Program Overview and Rationale**

**Provide a brief descriptive overview of the program citing its 1) purpose and strengths, 2) fit with the institutional mission or institutional learning outcomes and 3) the compelling reasons for offering the program at this time.**

On May 12 2022, the President of CSUB approved our request for a Department name change from Child, Adolescent, and Family Studies (CAFS) to Human Development and Child, Adolescent, and Family Studies (HD-CAFS). We were informed, however, that the 6-letter name would not work in PeopleSoft and we would need to have the name change be reflected on our degree. At this point, we are in the process of changing our dept name from HD-CAFS to Human Development and Family Sciences (HDFS), which aligns with other CSU Departments in our field.

To align the name of our degree with our department, we propose to change the name of our program to Human Development and Family Sciences (HDFS).

The rationale for this name change is to service the diverse program strands in which our students seek a B.A. degree aligned with employment opportunities in the fields of Human Development, Resource Management, Teacher Education and Early Childhood and Family Sciences. Currently, our program description reads as follows:

Program Options and Paths

Bachelor of Arts (B.A.) Degree in Child, Adolescent, and Family Studies. This program is geared towards students interested in working with children and their families in any of the following settings: preschool, childcare center, case management, criminal justice, Head Start, and the Department of Human Services. Students will earn a B.A. Degree in Child, Adolescent, and Family Studies.

Our program currently offers classes across the lifespan (i.e., Infancy to Older Adulthood), thus the degree name of "Child and Adolescent" fails to reflect the diverse areas and population groups our program studies. Accurately representing our program through the title and CIP code of the degree ensures that our students can apply for positions that cover the vast range of options available within our field.

Additionally, it should be noted that 3 out of our 4 full-time faculty members hold degrees covered under the area of Human Development. The size of our Department is small, and therefore we cover a range of areas that other CSU's have divided into separate departments. In alignment with other CSU's, our department name should include the Human Development area as well as the Family Sciences domain.

In accordance with other CSU's, for consistency and disciplinary convention, the name change aligns with our other campuses:

- CSU Sacramento (BS in Family Studies and Human Development)
- CSU Monterey Bay (BA in Human Development and Family Studies)
- CSU Long Beach (BA in Human Development)
- CSU East Bay (BA in Human Development)

We propose HDFS as the 4-digit acronym for People Soft, in keeping with other institutions of higher education in the U.S.A. that offer the same degree. For example, Colorado State, Michigan State, University of Connecticut, Penn State, East Carolina University, Florida

State, George Mason University, Georgia Southern, Indiana State, Kansas State, Iowa State, Mississippi State, and North Dakota State all use HDFS as their acronym.

### Program Description (i.e. Catalog Description)

**Disclaimer.** Due to substantial changes in credential legislation and degree programs in the State of California, please check with an official Human Development and Family Sciences (HDFS) advisor for current information.

## Program Description

The Bachelor of Arts degree in Human Development and Family Sciences (HDFS) at California State University, Bakersfield provides breadth and depth in the scientific study of child, adolescent, and adult developmental domains. The program focuses on the biological, cognitive, psychological, and sociological foundations of learning from infant development, through adolescent growth, and adult behavior. The program design is based on contemporary learning theories, application of ethics and values, research methods and diverse family systems/approaches, with practical applications in disciplines that require direct interaction with children and families.

## Mission Statement

The Human Development and Family Sciences (HDFS) program offers learners specialized knowledge that enhances their skills and abilities to work and advocate in partnerships that foster healthy children, supportive family networks, and interactive community relationships. A social constructivist approach to learning is reinforced in the academic activities that result in superior educational preparation for teachers, parents, and community professionals. The mission of the program is to develop well prepared, highly skilled individuals who can envision, interact, and respond to the needs of diverse populations within the local, regional, national, and global community.

### Program Requirements

The Bachelor of Arts Degree with a major in Human Development and Family Sciences (HDFS) requires a minimum of 120 units which consists of courses for the HDFS major as well as other university-wide general education graduation requirements. Students pursuing a HDFS major must complete the pre-requisite classes CAFS 1100 Introduction to Child, Adolescent & Family Studies, CAFS 2000 Fundamentals in Developmental Theory, and MATH 1209 Statistics in the Modern World or PSYC 2018 Introduction to Statistical Methods in Psychological Research or SOC 2208 Introduction to Statistics in the Social Sciences which is part of the General Education Requirements. The HDFS major course requirements consist of 51 units. Students will need to complete 21 additional units (courses may be Minor courses or graduate school prerequisites) to earn the required credit units needed for graduation. All HDFS majors must hold a current certificate in First Aid and Adult, Child, and Infant CPR upon graduation. Students are expected to maintain a grade of "C-" or higher in all HDFS courses to count towards graduation.
