Visual/audio images are any type of recording, including photographs, digital images, drawings, renderings, voices, sounds, video recordings, audio clips or accompanying written descriptions. CSUB will not materially alter the original images. I agree that CSUB owns the images and all rights related to them. - I additionally grant permission to California State University, Bakersfield, its employees and agents, to take and use visual/audio images of me. Visual/audio images are any type of recording, including photographs, digital images, drawings, renderings, voices, sounds, video recordings, audio clips or accompanying written descriptions. - I release CSUB and its employees and agents, including any firm authorized to publish and/or distribute a finished product containing the images, from any claims, damages or liability which I may ever have in connection with the taking of use of the images or printed material used with the images.
- I am familiar with Education Code section 51512, which states that *“The Legislature finds that the use by any person, including a pupil, of any electronic listening or recording device in any classroom of the elementary and secondary schools without the prior consent of the teacher and the principal of the school given to promote an educational purpose disrupts and impairs the teaching process and discipline in the elementary and secondary school, and such use is prohibited. Any person, other than a pupil, who willfully violates this section shall be guilty of a misdemeanor.”*
- I am responsible for preparing a Student Release Form (Exhibit A) for every student in the classroom(s) involved in my field review, including obtaining and collecting permissions from the parents/legal guardians of each child in the classroom, and (as necessary) the Administrator Release Form.
- **I must provide all of the Student Release Forms, Adult Release Forms and Administrator Release Forms collected in connection with my field review on the term’s due date to the Teacher Education**

Department Assistant. The Department will maintain all submitted Forms collected in connection with my field review for a period of 7 years after my field review is completed.

- I may not videotape or record, or cause to be videotaped or recorded, any student whose fully-executed release I have not obtained prior to the videotape being made.

- I hereby grant California State University, Bakersfield the full, unrestricted rights to the use of any and all materials written and submitted by me in conjunction with the Teaching Performance Assessment (the “Materials”), in any form, including edited versions, in presentations, over the Internet, broadcast cable, satellite transmissions, and media that are unknown at this time, for instructional purposes worldwide.
- In consideration for participating in the field review, on behalf of myself and my next of kin, heirs and representatives, I release from all liability and promise not to sue the State of California, the Trustees of the California State University, California State University Bakersfield, and their employees, officers, directors, volunteers and agents (collectively, “University”) from any and all claims, including claims of the University’s negligence, resulting in any economic or noneconomic injury I may suffer because of my participation in the field review, including but not limited to any third party claims arising out of the use of videotaping or other recording.

Rights and Responsibilities of Students (University Honesty Policy)

The principles of truth and integrity are recognized as fundamental to a community of teachers and scholars. The University expects that both faculty and students will honor these principles and in so doing will protect the integrity of all academic work and student grades. Students are expected to do all work assigned to them without unauthorized assistance and without unauthorized assistance and without giving unauthorized assistance. Faculty have the responsibility of exercising care in the planning and supervision of academic work so that honest effort will be encouraged and positively reinforced.

There are certain forms of conduct that violate the university’s policy of academic integrity. Academic Dishonesty (Cheating) is a broad category of actions that involve fraud and deception to improve a grade or obtain course credit. Academic dishonesty (cheating) is not limited to examination situations alone, but arises whenever students attempt to gain an unearned academic advantage. Plagiarism is specific form of academic dishonesty (cheating) which consists of the misuse of published or unpublished works of another by claiming them as one’s own. Plagiarism may consist of handing in someone else’s work as one’s own, using paragraphs, sentences, phrases words or ideas written by another without giving appropriate citation, or using data and/or statistics compiled by another without giving appropriate citation. Another example of academic dishonesty

(cheating) is the submission of the same, or essentially the same, paper or other assignment for credit in two different courses without receiving prior approval from the instructors of the affected courses.

When a faculty member discovers a violation of the university's policy of academic integrity, the faculty member is required to notify the CSUB Dean of Student Life and CSUB Student Conduct Coordinator and the student(s) involved. A course grade of 'F' may be assigned or another grade penalty may be applied at the discretion of the course instructor. Additional academic sanctions are determined by the student conduct coordinator. Academic sanctions may include disciplinary probation, suspension, permanent expulsion from the university or from the California State University system, administrative hold on the release of records, and withholding a degree. Disciplinary probation shall be noted on the student's formal academic record only for the duration of the probationary period. Disciplinary suspension and expulsion are a part of the student's permanent record

I am 18 years or older and competent to sign this release. I understand the legal consequences of signing this document, including (i) releasing the University from all liability; and (ii) promising not to sue the University. I understand that this document is written to be as broad and inclusive as legally permitted by the State of California. I agree that if any portion is held to be invalid or unenforceable, then I will continue to be bound by the remaining terms. I have read this release before signing, I understand its contents, and I freely accept the terms.

I prefer to opt-out of posting my image to a Social Media website.
