

# MATH 4200 – Spring 2020

## Final Exam

Name: \_\_\_\_\_

### Instructions:

- Due Date: Friday, May 15<sup>th</sup> before 9:50am
  - No late work is accepted. Please plan ahead.
  - Please submit your work via gradescope. No email submission is accepted.
  - When turning in your work to gradescope, please submit the correct working page(s) to each problem. Failing to assign the working page(s) to each corresponding problem or assign the wrong pages will directly result in no points to the related problem.
  - Circle your final answers where appropriate.
  - Show as much work as possible to obtain partial credit. A correct answer without reasonable working process has no credits.
  - As always, you are expected to exhibit Academic Integrity during the exam. All your work must be your own.
- 

### The Honor Code:

By signing below I pledge my honor that I have neither given nor received any verbal or written assistance during this examination beyond that permitted by the instructor in charge. All of my work and solutions are written on this test in a neat and organized manner. I also can explain and reproduce all the answers on my own if asked. In addition, I acknowledge and accept the Academic Integrity policy

(<http://www.csub.edu/studentconduct/documents/academicintegrity.pdf>) of CSUB.
