September 23, 2006

Dear Dr. Wang:

The review process of your manuscript (JRST-2006-03-0063.R2), "Self-Concept and Science Achievement: Investigating A Reciprocal Relation Model Across The Gender Classification in a Cross-Cultural Context' Science Identities" is complete. Based on our close reading of the revised manuscript, we have decided to accept the manuscript in its current form for publication in the *Journal of Research in Science Teaching*.

We appreciate the care that you have put into preparing a quality manuscript, and we look forward to publishing it. Publication requires that the *JRST* Editorial Office have on file a copyright transfer agreement signed by all authors of the manuscript (and if you have included previously published material in your manuscript, permission from that other publisher as well). Please attend to this requirement as soon as possible if you have not previously sent us these signed forms.

Future correspondence on the publication status of your manuscript (in EarlyView and in print) will be sent to you later.

Sincerely,

J. Randy McGinnis  
Editor

Angelo Collins  
Editor
