Things to Talk About After the Play

- If you could sort Skirt and Stovepipe, how would you sort them? Would Skirt be a Zing Zing or Zum? How about Stovepipe? What category would you be? Can one be Zing Zing on some days and Zum on other days?
- In the play the characters cannot cross the edge which was shown with a rope of light. What do you think was on the other side of the edge? Why were they told not to cross it?
- Jacket seems to be the leader of the group and he makes a lot of rules for the clothings to follow. Did the clothings need Jacket to get along or could they have done just as well by themselves without him? Were all of Jacket’s rules good rules? Which rule would you change if you could? Who do you think would be a better ruler than Jacket?
- In our play there is a large clock that is the biggest object on our stage. Why do you think the clock is the only thing on the stage? What do you think the playwright wants us to think about if the clock is in the center of the world?

Special Thanks to:
Dr. Senem Saner and the Philosophy for Children program.
Guided discussions will follow the performances on:
Saturday, November 4th at 4 PM, Giselle Flores & Violeta Trujillo
Sunday, November 5th at 2 pm, Guadalupe Duran & Jessica Manzo
